Descriptions of Counseling and Mental Health Professionals
Greetings New Students!

As the Department Chair of Behavioral Sciences, it is a great pleasure for me to welcome you to Lubbock Christian University. The Masters of Science in Clinical Mental Health Counseling (CMHC) program in the Department of Psychology and Counseling offers training in the professional practice of counseling.

At LCU, we strive to help you grow as a total person – Heart, Mind, Soul, and Body. Professionally, our Master of Science in Clinical Mental Health Counseling meets the standards for Texas’ academic requirements for licensure and we are in the process of applying to become CACREP accredited. We expect that when you graduate, you will feel fully prepared to continue your licensure process in your post-Masters supervised clinical work. We will also aid you in becoming involved with professional organizations which are key to becoming networked in the state in which you reside. Our objective is to prepare counselors for professional positions in community agencies, hospitals, university counseling centers, and private practice.

In addition to the acquisition of a graduate degree, it is also our hope that we will be able to assist you in the journey to better understand yourself and who you are in the context of others. I believe that the most important tool we have as counselors is the “self.” In your classes, you will be challenged to evaluate your beliefs, preferences, resistances and prejudices, with the intent of understanding who you are and how you will engage diverse groups professionally and interpersonally.

A final objective is to help you to grow closer to God. We believe that knowledge of people and how they develop is greatly enhanced by knowledge of the Creator. The graduate CMHC program is firmly committed to the concept of integrating a Christian worldview with professional counseling training. We come to this program with many backgrounds and many beliefs. It is not our intent to make you share our beliefs. It is our intent, however, to actively acknowledge our faith and to have meaningful discussions about how faith, counseling, and ethical practice co-exist. The mission of the graduate program in counseling is to prepare effective and innovative Clinical Mental Health counselors with high moral and ethical standards who view themselves as agents of change and who are committed to the welfare of clients and have the understandings, attitudes, and skills necessary for effective counseling.

In offering a Master’s degree in Clinical Mental Health Counseling, the Department of Psychology and Counseling joins Lubbock Christian University in furthering the mission of Changing Lives by making a difference through service to those in need. You are likely both excited and anxious as you begin this journey. It will be a journey of change, struggle, and growth for you. This degree will require focus, dedication, and hard work. It is our hope that you have made the completion of your degree a priority.

May God bless you as you begin your journey,

Michael P. Hardin, Ph.D.
Chair, Psychology and Counseling Department
Professor of Family Studies and Counseling
Graduate Student Acknowledgement Form

Enrollment in the MS licensure programs does not guarantee a degree from Lubbock Christian University or qualification for professional licensure. Students enrolled in the Clinical Mental Health Counseling Program are responsible for meeting all academic and professional requirements for graduation. Further information regarding these academic and professional requirements is outlined in this handbook. Students enrolled in the Master of Science in Clinical Mental Health Counseling program must adhere to the policies articulated in the following documents: LCU’s Graduate Academic Policies, Graduate Studies in Clinical Mental Health Counseling Program Handbook, Graduate Studies in Clinical Mental Health Counseling Clinical Experiences Handbook, course syllabi, American Counseling Association (ACA) Code of Ethics, and Lubbock Christian University regulations concerning academic integrity, and community standards. Students must provide evidence of this agreement by signing this Graduate Student Acknowledgement Form.

Further, if a student intends to practice in a state other than Texas after graduation, it is the sole responsibility of the student, not the program, to obtain information regarding prerequisites for licensure as outlined by their state board of counseling.

By signing below, you acknowledge that you have read and will comply with the expectations contained in the documents above and acknowledge that from time-to-time policies may be reviewed and revised without advance notice. You further acknowledge that it is your responsibility to remain informed of university, departmental, and program policy changes and comply with them as they are published.

Introduction

The Clinical Mental Health Counseling Handbook is designed to be used with the Lubbock Christian University Catalog and the Lubbock Christian University Student Handbook. These official documents are revised periodically. It is the student’s responsibility to obtain the latest editions of these documents. This handbook is designed to be a reference for students enrolled in the program, but is not intended to take the place of syllabi and academic advising.
Mission Statements

Mission of Lubbock Christian University

Lubbock Christian University is a Christ-centered, academic community of learners, transforming the hearts, minds, and hands of students for lives of purpose and service.

Mission of the Psychology and Counseling Department

The Department of Psychology and Counseling is committed to the idea that science and faith do not oppose each other, but in fact, complement one another. Our mission is to produce academicians, clinicians, practitioners, and scholars who are solidly grounded in the science of human behavior, the ethics of their chosen profession and the principles of their faith. The Department provides personal access to exemplary teaching, Christian mentorship, and challenges student centered academic progress. Opportunities will be provided to all students for professional, community-based experiences and development of scholarly contribution to their field of study.

Mission of the CMHC Program

The mission of the Clinical Mental Health Program aligns itself with the mission of Lubbock Christian University, and the Department of Psychology and Counseling, by training ethically and spiritually aware mental health counselors who possess the knowledge, values, skills, and personal disposition to promote the mental health and holistic wellness of clients across diverse populations. The CMHC program purposes to accomplish this mission by the professional development of the mental health counseling student across the following domains:
Clinical Mental Health Counseling (CMHC) Purpose, Goals, and Objectives

CMHC Purpose

Graduates from this program will receive the academic and experiential foundations that will enable them to specialize in a variety of counselor roles, such as community mental health counselors, pastoral counselors, drug and alcohol counselors, trauma counselors, college counselors, and relationship counselors. The program has the goal of providing educational foundations that enable its graduates to enter professionally satisfying careers, serve others to the best of their abilities, and develop a capacity for intellectual, professional, and personal growth.

CMHC Goals

The CMHC program promotes the following goals:

1) To attract diverse, outstanding graduate students.
2) To help students attain a scholastic competency in all coursework.
3) To facilitate the acquisition of, and ability to, apply counseling skills with a diverse population to a standard acceptable by licensed professional counselors including: a) demonstration of emotional and mental stability and maturity in interaction with others b) the ability to maintain healthy boundaries, c) communicate appropriately, d) successfully manage personal anxiety or uncomfortable feelings, e) work collaboratively with others and f) resolve interpersonal conflict.
4) To encourage an understanding and commitment to the scientist practitioner model.
5) To assist students in their adherence to the Professional Identity and Standards outlined by the American Counseling Association’s Code of Ethics and Lubbock Christian University’s Code of Community Standards, and
6) To encourage the ability to integrate faith and spirituality into counseling where appropriate in an ethically competent manner.

CMHC Objectives

The CMHC program promotes the following objectives:

1) To increase the knowledge base of the counseling profession and other related helping professionals.
2) To increase knowledge and practice of the ACA Professional Code of Ethics.
3) To increase knowledge and skills in counseling for culturally diverse populations, including assessment, treatment planning, treatment, and outcome evaluation.
4) To increase knowledge and skills in advocating for culturally diverse populations.
5) To increase knowledge of the theories of counseling and psychotherapy, personality, lifespan development, career development, group dynamics, and diagnosis and treatment planning.
6) To increase knowledge of a wellness model of mental health.
7) To increase knowledge in the foundations of research and inquiry including assessment, treatment planning, treatment, and outcome evaluation.

8) Develop leadership skills to better serve the counseling profession including teaching, training, researching and development of counseling plans.
CMHC Program Diversity Commitment

The CMHC program values the role diversity plays in our country and in our profession. We believe that all people have the right to counselors who are sensitive toward their diverse needs. Towards this end, we are committed to assisting in the creation of a diverse work force in the clinical mental health counseling profession. The CMHC program implements procedures to recruit and retain students representing a multicultural and diverse society.

Diversity Goals

- Actively recruit academically qualified and ethnically diverse students to apply and enroll at Lubbock Christian University;
- Increase the number of ethnically diverse students;
- Pursue activities to seek 100% retention and completion of the Clinical Mental Health Counseling degree among minority students; and
- Encourage leadership roles in counseling among students of diversity.

Recruitment Activities

- Utilize advertising materials that reflect the program’s intentions to recruit students of diversity; Ensure thorough communication among Department of Psychology and Counseling, LCU Graduate Studies, Registrar’s Office, Financial Aid, Office of Center for Student Success, and the Office of Veterans Services to ensure a student’s ready access to graduate program materials;
- Establish and maintain communication with each potential minority candidate to facilitate the admission process;
- Offer information and recruiting sessions for historically black colleges and universities in Texas (e.g., Southwestern Christian College, Jarvis Christian College, Paul Quinn College);
- Promote social and academic activities which will result in visits to the campus where candidates can meet with students and faculty;
- Advertise the CMHC degree via social media (Facebook) to target students and alumni of historically African-American/Hispanic-Latino colleges and universities.

Retention Activities

- **Orientation & Advising.** All first year, second year, and third year residency students attend an orientation dinner where they meet their advisors, receive program materials, and learn about components and expectations of the program. Students are required to meet with their advisors during the first semester and beyond to plan for and track academic progress.
• **Facilitating Connection.** Relationships are encouraged between the graduate students through our cohort model, social activities sponsored by the Department, and active Facebook page to enhance communication and highlight successes of our students.

• **Professional Activities.** Various counseling-related conferences (e.g. Healthy Families Conference) and speakers are hosted on campus regularly and are free to LCU graduate counseling students.
The Master of Science in Clinical Mental Health Counseling offers a 60-hour curriculum (online and on-campus course delivery format offered) designed to meet the academic and graduate clinical experiences required for licensure as a Professional Counselor (LPC) in the State of Texas (TX). This credential allows students to provide counseling services in a variety of settings as outlined by the State Board of Examiners of Professional Counselors. For detailed information about this licensure, see the rules of the State Board of Examiners of Professional Counselors: http://www.dshs.texas.gov/counselor/default.shtm. Students who seek licensure in a state other than Texas must research requirements in that state.

Organization of the CMHC Program

Lubbock Christian University offers the Master of Science in Clinical Mental Health Counseling degree as a unit of the College of Liberal Arts and Education and the Department of Psychology and Counseling.

Faculty

Our departmental faculty consists of full-time professors and adjunct professors representing the areas of professional counseling, marriage and family therapy, and the fields of clinical, and developmental psychology. We supplement this group with excellent part-time faculty members who are experts in their fields. For further information about each faculty member, visit our website: https://lcu.edu/directory/dept/Graduate%20Behavioral%20Sciences/

Core Counseling Faculty

Kaylene Brown, Ph.D. (Texas Tech University), NCC, LPC-S, Certified Bariatric Counseling Specialist, Assistant Professor in Clinical Mental Health Counseling

Jonna Byars, Ph.D. (Texas Tech University), NCC, LPC, Associate Professor of M.S. in Clinical Mental Health Counseling

Ronda Eade, Ph.D. (Texas Tech University), LPC, Clinical Supervisor of M.S. in Clinical Mental Health Counseling, Assistant Professor of Clinical Mental Health Counseling, Assistant Professor of Psychology

Shauna Frisbie, Ed.D. (Texas Tech University), NCC, LPC-S, Certified Eating Disorders Specialist, Associate Professor of Clinical Mental Health Counseling

Michael P. Hardin, M.Ed. (Texas Tech University), Ph.D. (Texas Tech University), LMFT, LPC-S, Chair of the Psychology & Counseling Department, Program Director of M.S. in Clinical Mental Health Counseling, Professor of Clinical Mental Health Counseling
Chris Hennington, Ph.D. (Texas Tech University), NCC, LPC, Certified School Counselor, *Program Coordinator of Clinical Mental Health Counseling, Associate Professor of Clinical Mental Health Counseling*

**Non-Core Faculty**
Beth Hennington, M.A. (Wayland Baptist University), Ed.D. (Texas Tech University), *Associate Professor of Clinical Mental Health Counseling*

LynnAnne Lowrie, Ph.D. (Texas Tech University), LMFT, *Assistant Professor in Clinical Mental Health Counseling*

Carlos Perez, Ph.D. (Texas Tech University), LMFT-A, LPC-Intern, *Associate Professor of M.S. in Clinical Mental Health Counseling*

**Clinical Adjunct Faculty**
Patti Bullard, Ph.D. (University of Connecticut), Licensed Psychologist

**Adjunct Faculty**
Macy Waltz, Ph.D. (Texas Tech University), LPC-Intern
**Program Admission**

The MS in Clinical Mental Health Counseling program has a two-phase process for admissions. The first phase is the standard application process for Graduate Studies and has the following requirements:

1. [Graduate Application](https://lcu.edu/admissions/graduate-application/)
2. $35 application fee – if not submitted with the application, may be paid online, by calling 806-720-7599, or by mailing a check or money order made out to “LCU.”
3. Credit Agreement – Students may fax (toll-free: 1-866-784-5663) or scan a copy to Marcia.Crabtree@lcu.edu.
4. Official undergraduate transcript(s), showing a regionally accredited bachelor’s degree awarded, and any previous post-baccalaureate or graduate work. A minimum GPA of 3.0 is required for unconditional admissions consideration.
   a. In order to be considered official, all transcripts must arrive sealed in the university’s envelope, bearing official marks/seals. E-scripts are considered official only when sent directly from the university to Marcia.Crabtree@lcu.edu or GraduateAdmissions@lcu.edu.
   b. Courses taken for the degree must include a minimum of 39 upper level hours. Hours awarded for life or work experience will not satisfy upper level requirements. Vocational courses will not be counted toward the 120 academic hour requirement. Evidence of grade point averages, degrees, and test scores must be on official transcripts or official score reports. Students on probation or suspension at other institutions are not eligible for admission.
5. Three letters of reference are required. See admissions coordinator for details regarding reference requirements. Applicants will personally complete the first section of the electronic form.
   a. Academic Reference
   b. Personal Reference
   c. Professional Reference
6. Proof of meningitis vaccination. Applicants who will be 22 years old or older by the first day of the start of the semester are exempt from this requirement. Please see [Meningitis Vaccine Requirements](#) for more information.

Application items should be submitted no later than four weeks prior to the beginning of a session. Any items that need to be mailed should be submitted to Lubbock Christian University, Attn: Marcia Crabtree, Graduate Behavioral Sciences, 5601 19th Street, Lubbock, TX 79407.

A detailed list of application standards for admissions into Graduate Studies at LCU can be viewed here.
Approved applicants proceed to the departmental interview phase of the admissions process. This second phase has the following requirements:

1. Personality assessment and $25 testing fee. Applicants can pay online and forward the receipt to the admissions coordinator, who will set up the personality assessment and send completion instructions.
2. Two short counseling essays. Questions provided upon approval to move onto the departmental interview phase.
3. Professional résumé.
4. 20-minute interview with graduate faculty panel.

After both phases of the admissions process are completed, applicants will be notified of their admission status. Applicants are not accepted until an official letter of acceptance is issued. For further information regarding the application process, please contact Marcia Crabtree at 806-720-7831 or Marcia.Crabtree@lcu.edu.

**Non-degree Students**

Students with a master’s degree in school counseling, psychology, or a related field, may desire to complete extra coursework necessary for counseling licensure. Students who completed their master’s degrees from Lubbock Christian University within one year of applying to take non-degree coursework may be exempt from some application items at the department’s discretion. Students interested in pursuing non-degree coursework must complete the phase 1 and 2 admissions processes.

**Readmission**

Students who withdraw from the university or who are not enrolled for two semesters must reapply for admission. All students will be required to submit the following items for readmission:

1. Readmission Application
2. $35 application fee – if not submitted with the application, may be paid online, by calling 806-720-7599, or by mailing a check or money order made out to “LCU.”
3. Credit Agreement – Students may fax (toll-free: 1-866-784-5663) or scan a copy to Marcia.Crabtree@lcu.edu.
4. Official transcripts bearing any coursework since last enrollment at LCU.

Students who have been unenrolled for two or more years will be asked to resubmit reference letters and re-interview for admissions.
Transfer Credits
Graduate courses accepted for transfer credit must be of an appropriate level and content, and the student must have earned a grade of B or higher. Instructor credentials must also be evaluated for credit earned at non-regionally accredited institutions. The department does not accept the following courses for transfer: COU 5314 Assessment of Individuals and Families, COU 5355 Advanced Psychopathology, COU 5361 Techniques of Individual and Family Counseling, COU 5363 Group Counseling, COU 5365 Advanced Techniques, or COU 5383 Counseling Children, Adolescents and their Families. Students wishing to appeal results of transfer credit evaluations may do so, in writing, to the Dean of the College, whose decision is final. Students may petition the department to accept up to 18 transfer hours for the 60-hour MS in Clinical Mental Health Counseling program. Transfer credit is granted only after applicants are accepted for admission.

Currently enrolled students must gain prior approval from the CMHC Program Coordinator prior to taking courses outside Lubbock Christian University when there is an intent to transfer courses into a current degree plan. Courses that are not preapproved will not be accepted for transfer.

International Student Admission
Lubbock Christian University is authorized under Federal law to enroll international students on F-1 status. International student immigration policies are governed by the Bureau of Citizenship and Immigration Services of the United States Homeland Security. Federal law governs immigration requirements for applicants who are not citizens of the United States. International applicants must meet general and program admission standards to be admitted. The following additional items must be submitted to the graduate admissions office at least 60 days before the entry date. The university can issue an I-20 to immigrating international students only when all documents are received. Any costs associated with the application or for delivery of the I-20 are the responsibility of the international applicant.

It is the responsibility of the student to meet and maintain eligibility to be an international student on F-1 status. Immigration regulations change frequently. Students should contact the Designated School Official (DSO) for updates. The following additional items must be submitted to the graduate admissions office before the university can issue an I-20 to immigrating international students:

- $200 tuition deposit
- Copy of passport
- Recent photograph
- Completed health form
- Immunization Record demonstrating required immunizations
- Global evaluation of transcript—official transcripts from institutions outside the United States must be accompanied by official course-by-course English translation of college
transcripts showing course titles, grades awarded, degree awarded, and date degrees awarded.

- Verification of source of support
- TOEFL English Language Test—minimum composite score of 525 on the TOEFL-CBT or 71 on the TOEFL-IBT must be achieved for admission. A score of 5.5 or higher on the IELTS will be accepted in place of the TOEFL. See following section regarding TOEFL exemptions.
- Statement of Purpose
- Signed F-1 Status Contract
- Transfer Form—applies to students who have previously studied in the US

International students immigrating to the United States to attend classes must report to the Designated School Official (DSO) in the Graduate Studies office within 15 days of the program start date listed on the I-20.

International students will be required to pay the remainder of the first semester’s balance in full prior to the beginning of classes.

**International Students from English Speaking Countries**
English-speaking applicants from native English-speaking countries, including Australia, New Zealand, South Africa, the British Caribbean Islands, Canada, Ireland, Israel, the United Kingdom, and Kenya are not required to submit TOEFL or IELTS scores.

**International Student Transfers**
International students transferring from another institution must apply for admission, be accepted, and request and receive a transfer in SEVIS from their former institution. Transferring international F-1 status will be issued after the release date of the former institution and students must transfer within 30 days of the release date. Transferring students must begin classes during the semester indicated in the admission letter and within five months from the release date of the prior school.

**Admission Standards**
Applicants must submit an official transcript bearing a baccalaureate degree with a minimum of 120 academic hours from a regionally accredited college or university. Courses taken for the degree must include a minimum of 39 upper level hours. Hours awarded for life or work experience will not satisfy upper level requirements. Vocational courses will not be counted toward the 120 academic hour requirement. Evidence of grade point averages, degrees, and test scores must be on official transcripts or official score reports. Students on probation or suspension at other institutions are not eligible for admission.
Unconditional Admission
Applicants for the CMHC graduate program must also meet the following requirements for unconditional admission.

- GPA of at least 3.0 on a baccalaureate degree or cumulative GPA of at least 3.0 for the last 60 hours of baccalaureate studies. Baccalaureate degrees earned from non-regionally accredited institutions must be evaluated to determine adequacy of preparation. Graduate transfer applicants must have a cumulative GPA of at least 3.0 in twelve or more graduate hours in a discipline relevant to the graduate program for which the applicant is seeking admission.
- Two favorable letter of reference from professional contact.
- Favorable letter of reference from personal or academic contact.
- Professional resume
- Interview for admission into the program (Video conference will be used for distant learner applicants).
- Criminal background check is necessary for counselor license and therefore will be a requirement before admitted into the program.

Appeals for Admission
Applicants not meeting the unconditional standard may submit a letter of appeal to the Graduate Studies office.

Change of Major
Students interested in changing graduate degree programs within the Psychology and Counseling department should work with their faculty advisor. Depending on the current degree program, students may be required to submit additional application items and may be subject to the interview phase of the admissions process. Only coursework that is applicable to the new degree program will be accepted for transfer.
CMHC Eight Common Core Areas
The eight common core areas represent the foundational knowledge required of all CMHC graduates.

1. PROFESSIONAL COUNSELING ORIENTATION AND ETHICAL PRACTICE
   a. history and philosophy of the counseling profession and its specialty areas
   b. the multiple professional roles and functions of counselors across specialty areas, and their relationships with human service and integrated behavioral health care systems, including interagency and interorganizational collaboration and consultation
   c. counselors’ roles and responsibilities as members of interdisciplinary community outreach and emergency management response teams
   d. the role and process of the professional counselor advocating on behalf of the profession
   e. advocacy processes needed to address institutional and social barriers that impede access, equity, and success for clients
   f. professional counseling organizations, including membership benefits, activities, services to members, and current issues
   g. professional counseling credentialing, including certification, licensure, and accreditation practices and standards, and the effects of public policy on these issues
   h. current labor market information relevant to opportunities for practice within the counseling profession
   i. ethical standards of professional counseling organizations and credentialing bodies, and applications of ethical and legal considerations in professional counseling
   j. technology’s impact on the counseling profession
   k. strategies for personal and professional self-evaluation and implications for practice
   l. self-care strategies appropriate to the counselor role
   m. the role of counseling supervision in the profession

2. SOCIAL AND CULTURAL DIVERSITY
   a. multicultural and pluralistic characteristics within and among diverse groups nationally and internationally
   b. theories and models of multicultural counseling, cultural identity development, and social justice and advocacy
   c. multicultural counseling competencies
   d. the impact of heritage, attitudes, beliefs, understandings, and acculturative experiences on an individual’s views of others
   e. the effects of power and privilege for counselors and clients
   f. help-seeking behaviors of diverse clients
g. the impact of spiritual beliefs on clients’ and counselors’ worldviews
h. strategies for identifying and eliminating barriers, prejudices, and processes of intentional and unintentional oppression and discrimination

3. HUMAN GROWTH AND DEVELOPMENT

a. theories of individual and family development across the lifespan
b. theories of learning
c. theories of normal and abnormal personality development
d. theories and etiology of addictions and addictive behaviors
e. biological, neurological, and physiological factors that affect human development, functioning, and behavior
f. systemic and environmental factors that affect human development, functioning, and behavior
g. effects of crisis, disasters, and trauma on diverse individuals across the lifespan
h. a general framework for understanding differing abilities and strategies for differentiated interventions
i. ethical and culturally relevant strategies for promoting resilience and optimum development and wellness across the lifespan

4. CAREER DEVELOPMENT

a. theories and models of career development, counseling, and decision making
b. approaches for conceptualizing the interrelationships among and between work, mental well-being, relationships, and other life roles and factors
c. processes for identifying and using career, avocational, educational, occupational and labor market information resources, technology, and information systems
d. approaches for assessing the conditions of the work environment on clients’ life experiences
e. strategies for assessing abilities, interests, values, personality and other factors that contribute to career development
f. strategies for career development program planning, organization, implementation, administration, and evaluation
g. strategies for advocating for diverse clients’ career and educational development and employment opportunities in a global economy
h. strategies for facilitating client skill development for career, educational, and lifework planning and management
i. methods of identifying and using assessment tools and techniques relevant to career planning and decision making
j. ethical and culturally relevant strategies for addressing career development
5. COUNSELING AND HELPING RELATIONSHIPS

a. theories and models of counseling
b. a systems approach to conceptualizing clients
c. theories, models, and strategies for understanding and practicing consultation
d. ethical and culturally relevant strategies for establishing and maintaining in-person and technology-assisted relationships
e. the impact of technology on the counseling process
f. counselor characteristics and behaviors that influence the counseling process
g. essential interviewing, counseling, and case conceptualization skills
h. developmentally relevant counseling treatment or intervention plans
i. development of measurable outcomes for clients
j. evidence-based counseling strategies and techniques for prevention and intervention
k. strategies to promote client understanding of and access to a variety of community-based resources
l. suicide prevention models and strategies
m. crisis intervention, trauma-informed, and community-based strategies, such as Psychological First Aid
n. processes for aiding students in developing a personal model of counseling

6. GROUP COUNSELING AND GROUP WORK

a. theoretical foundations of group counseling and group work
b. dynamics associated with group process and development
c. therapeutic factors and how they contribute to group effectiveness
d. characteristics and functions of effective group leaders
e. approaches to group formation, including recruiting, screening, and selecting members
f. types of groups and other considerations that affect conducting groups in varied settings
g. ethical and culturally relevant strategies for designing and facilitating groups
h. direct experiences in which students participate as group members in a small group activity, approved by the program, for a minimum of 10 clock hours over the course of one academic term
7. **ASSESSMENT AND TESTING**

   a. historical perspectives concerning the nature and meaning of assessment and testing in counseling
   b. methods of effectively preparing for and conducting initial assessment meetings
   c. procedures for assessing risk of aggression or danger to others, self-inflicted harm, or suicide
   d. procedures for identifying trauma and abuse and for reporting abuse
   e. use of assessments for diagnostic and intervention planning purposes
   f. basic concepts of standardized and non-standardized testing, norm-referenced and criterion-referenced assessments, and group and individual assessments
   g. statistical concepts, including scales of measurement, measures of central tendency, indices of variability, shapes and types of distributions, and correlations
   h. reliability and validity in the use of assessments
   i. use of assessments relevant to academic/educational, career, personal, and social development
   j. use of environmental assessments and systematic behavioral observations
   k. use of symptom checklists, and personality and psychological testing
   l. use of assessment results to diagnose developmental, behavioral, and mental disorders
   m. ethical and culturally relevant strategies for selecting, administering, and interpreting assessment and test results

8. **RESEARCH AND PROGRAM EVALUATION**

   a. the importance of research in advancing the counseling profession, including how to critique research to inform counseling practice
   b. identification of evidence-based counseling practices
   c. needs assessments
   d. development of outcome measures for counseling programs
   e. evaluation of counseling interventions and programs
   f. qualitative, quantitative, and mixed research methods
   g. designs used in research and program evaluation
   h. statistical methods used in conducting research and program evaluation
   i. analysis and use of data in counseling
   j. ethical and culturally relevant strategies for conducting, interpreting, and reporting the results of research and/or program evaluation
Graduate Studies in Clinical Mental Health Counseling

To keep our programs current, faculty revise requirements from time to time. If your decision to apply for the program is based on specific course requirements, please be sure you have the latest program description before you accept any offer for admission and register for classes. The faculty reserve the right to make modifications to the program, curriculum, and exams to better address student, faculty, program, university and/or community needs with or without notice.

For a list of course offerings by semester, see Typical Course Offerings by Semester.

Curriculum
Core Courses (51 hours)
- COU5301 Introduction to Mental Health Counseling
- COU5310 Individual and Family Lifespan Development
- COU5314 Assessment of Individuals and Families
- COU5320 Research in Counseling
- COU5340 Professional Issues, Ethics, and Law
- COU5353 Psychopathology of Individuals and Families
- COU5355 Advanced Psychopathology
- COU5360 Counseling Theory and Practice
- COU5361 Techniques of Individual and Family Counseling
- COU5362 Career Counseling
- COU5363 Group Psychotherapy
- COU5364 Crisis Counseling
- COU5365 Advanced Techniques
- COU5381 Foundations of Marital and Family Therapy
- COU5383 Counseling Children, Adolescents and their Families
- COU5384 Addictions
- COU5385 Multicultural Counseling

Clinical Experience Courses (9 hours)
- COU5391 Counseling Practicum
- COU5392 Counseling Internship I
- COU5393 Counseling Internship II

Comprehensive Exam
- COU6062 Comprehensive Examination

*Courses that are bolded are residency courses for the online program. Students enrolled in the online program will be required to come to campus (for one week/on three occasions) to satisfy the practice portion of each of these courses.
Residency Course Requirements for Online CMHC

Residencies are the hands-on portion of the online CMHC program coursework. Students should take notice of deadlines for turning in residency paperwork. This paperwork must be completed within the first two weeks of the semester in which a student will arrive on campus for residency. The link to the dynamic form can be found in the student’s Moodle pre-residency course.

Online students will come to the LCU campus for one week each year (three residencies total) to practice hands-on skills. Residency will always correspond with two classes each year and students will have the option of choosing which week they would like to attend (as offerings allow). The two classes will be in the A grad semester listed as HYBRID courses and will run for 9 weeks simultaneously. The first 8 weeks of each course is online and will require approximately 15 hours per week per course. Each residency will include a Sunday evening dinner/orientation, and each residency course requires that a student attends four (4) hours per day for five (5) days. Attendance in all parts of residency is required without exception. Residency gives program faculty the opportunity to assess student’s developing clinical skill and is the most important element of the course. Missing any part of residency will result in being dropped from the course with the grade of “F”.

While Residency semesters are intense, they are a life changing experience for many students. Classes are experiential and students will be challenged in many wonderful ways. Along with learning multiple counseling techniques, tools, and theories, students will experience significant personal growth, leave more professionally prepared, and with new perspective.

Residency courses are to be taken on the following schedule:

**Year 1 Residency**
- COU5314 Assessment of Individuals and Families
- COU5363 Group Psychotherapy

**Year 2 Residency**
- COU5361 Techniques of Individual and Family Counseling
- COU5383 Counseling Children, Adolescents and their Families*
  *Students must complete and pass a background check for COU 5383.

**Year 3 Residency**
- COU5355 Advanced Psychopathology
- COU5365 Advanced Techniques

For additional information on Residencies, see *CMHC Clinical Experiences Handbook.*
**Clinical Experience Course Requirements**

All prerequisites must be completed before students may enroll in COU 5391. With regards to co-requisites, students may enroll in a maximum of 3 co-requisites (two courses) when they enroll in COU 5391. All other co-requisite courses (except three) must be completed before enrolling in COU 5391.

**Pre-requisites**
- COU5314 Assessment of Individuals and Families
- COU5340 Professional Issues, Ethics, and Law
- COU5353 Psychopathology of Individuals and Families
- COU5355 Advanced Psychopathology
- COU5360 Counseling Theory and Practice
- COU5361 Techniques of Individual and Family Counseling
- COU5363 Group Psychotherapy
- COU5365 Advanced Techniques
- COU5383 Counseling Children, Adolescents and their Families

**Co-requisites**
- COU5310 Individual and Family Lifespan Development
- COU5320 Research in Counseling
- COU5362 Career Counseling
- COU5381 Foundations of Marital and Family Therapy
- COU5385 Multicultural Counseling

Detailed information regarding clinical experiences is located in the Graduate Studies in CMHC Clinical Experiences Handbook. See Suggested Timeline for Preparing for Practicum and Potential Practicum Sites.

**Graduation**
Graduation from the Clinical Mental Health Counseling Program will require the following completed steps:

- Cumulative GPA of 3.0 or higher
- Successful completion of Plan of Study
- Successful completion of the Performance Review process
- Approval for Candidacy
- Successful completion of Clinical Experiences
- Successful completion of coursework including Clinical Experience and CPCE
- Completion of Application for Graduation and completing all required paperwork
- Recommendation of the CMHC faculty

Course Descriptions

COU 5301 Introduction to Clinical Mental Health Counseling. This course provides a base of knowledge about the counseling profession, its history, philosophy, and identity. Also covered are the roles & responsibilities of the professional counselor in working competently with diverse populations through personal challenges and crises and toward wellness and prevention.

COU 5310 Individual and Family Lifespan Human Development. Examines the stages of individual development as they occur in the context of the family life cycle. Consideration will be given to how various tasks, transitions, and events impact individuals and families at different stages of life. Students will integrate a linear individual perspective to human development with a systemic family perspective.

COU 5314 Assessment of Individuals and Families. Examination of the major individual, marital, and family assessment strategies and instruments. Students will receive training in the use of both testing and non-testing approaches to assessment and appraisal. Attention will be given to the relationship between assessment, diagnosis, and treatment planning. Fee $200.

COU 5320 Research in Counseling. Survey and analysis of research methodology and program evaluation in the counseling profession. Topics include current trends in counseling research, Qualitative, Quantitative and Mixed methods design, implementation, and data analysis. Evaluating research and writing research reports will be also be addressed. Recommended prerequisites include COU5301 Introduction to Clinical Mental Health and/or COU 5361 Techniques of Individual and Family Counseling.

COU 5340 Professional Issues, Ethics, and Law. Focuses on the development of a professional attitude and identity as a marriage and family therapist and a professional counselor. Areas of consideration will include professional socialization, the role of professional organizations, licensure and certification, legal responsibilities and liabilities of clinical practice and research, family law, confidentiality issues, codes of ethics, the role of the therapist in court proceedings, and inter professional cooperation.

COU 5353 Psychopathology of Individuals and Families. Detailed overview of psychopathology and analysis of psychopathology in educational and clinical counseling settings. Students will receive training in the use of the DSM-IV and its application. Diagnostic and treatment planning skills will be facilitated through the use of case studies.

COU 5355 Advanced Psychopathology. Examines psychiatric diagnoses and the Diagnostic and Statistical Manual of Mental Disorders, theories of psychopathology, treatment planning, case conceptualizing and basic knowledge of psychopharmacological medications. Fee: $100.

COU 5360 Counseling Theory and Practice. Examination of the major theories and models of counseling. Ethical and culturally relevant issues of in-person and technology-assisted
relationships and the impact of technology on counseling is examined. Students expected to develop a coherent theoretical rationale for their therapeutic interventions.

COU 5361 Techniques of Individual and Family Counseling. Introduction to the skills involved in developing effective helping relationships. The processes, principles, and techniques associated with counseling are explored. Experiential component fosters the development of basic interviewing, listening, and counseling skills. Additional techniques and resources are reviewed and evaluated.

COU 5362 Career Counseling. Reviews concepts, issues, and trends in the field of career counseling and career education. It is designed to consider the role of the counselor in the career decision-making process of individuals across the lifespan. Consideration will be given to the relationships between work, career development, and family functioning. Fee: $100.

COU 5363 Group Counseling. Study of theoretical foundations of group counseling and group work. Emphasis on dynamics associated with group process and development. Ethical and culturally relevant strategies for designing and facilitating groups. Students are provided direct experiences to participate as group members and leaders in small group activities. Fee: $100.

COU 5364 Crisis Counseling. Study of crisis with emphasis on appropriate behaviors and responses to crisis. Applied therapeutic counseling in general and crisis intervention are presented along with strategies to alleviate crisis and deal with crisis aftermath.

COU 5365 Advanced Techniques. Supervised experience in counseling through role-playing, recorded interviews, observation analysis, evaluation of interviewing techniques.

COU 5381 Foundations of Marital and Family Therapy. Comprehensive overview of the various theories and models of marital and family therapy. Consideration will be given to the therapeutic skills and assumptions associated with the following treatment approaches: cognitive-behavioral, inter-generational, narrative, solution-focused, structural, and strategic. Students will participate in an in-depth exploration of their own families of origin.

COU 5382 Premarital and Marital Therapy. Study of the various theories and models of mate selection, marital interaction, and marital intervention. Students will receive training in diagnosing and intervening in dysfunctional relationship patterns. Strategies associated with premarital counseling and divorce adjustment counseling will also be explored.

COU 5383 Counseling Children, Adolescents, and Their Families. Intensive overview of therapeutic strategies for working with children, adolescents and their families. Consideration will be given to developmental psychopathology. Techniques and strategies from Adlerian, behavioral, cognitive, humanistic, psychodynamic, and systemic approaches will be presented. Fee: $100.
COU 5384 Addictions. Study of definitions of addiction, substance abuse and dependence, and counseling persons with substance abuse disorders and process disorders. Holistic approach to treatment and recovery is emphasized. Assessment, initial treatment, and intervention techniques are explored for rehabilitation of substance use disorders.

COU 5385 Multicultural Counseling. Review of multicultural counseling literature. Focus on promotion of self-awareness and self-knowledge, facilitation of the construction of cultural knowledge to increase awareness and sensitivity to issues affecting multicultural populations, identification of intervention strategies applicable to multicultural clients, and promotion of development of a personal philosophy of substance abuse disorders.

COU 5391 Counseling Practicum. Integration of didactic and clinical material in the supervised practice of individual, group, marital, and family therapy. Weekly group and/or individual supervision sessions are included. PRE: Approval of Department Chair. Fee: $60.

COU 5392 Counseling Internship I. Integration of didactic and clinical material in the supervised practice of individual, group, marital, and family therapy. Weekly group and/or individual supervision sessions are included. PRE: Approval of Department Chair.

COU 5393 Counseling Internship II. Integration of didactic and clinical material in the supervised practice of individual, group, marital, and family therapy. Weekly group and/or individual supervision sessions are included. PRE: COU 5392 and approval of Department Chair.

COU 6062 Comprehensive Exam. Comprehensive, computer based examination for a graduate degree in CMHC. To be taken during the last semester, in conjunction with COU 5393.
Clinical Experience

Students will complete the Intent to Pursue Practicum form (located in the Clinical Experiences Handbook) and file it with the Clinical Director by the appropriate deadline, the semester prior to enrolling into COU 5391 Practicum. Clinical Mental Health Counseling practicum provides an opportunity for students to perform, on a limited basis and under supervision, some of the major professional activities of a professional Clinical Mental Health counselor pertinent to the students’ program emphasis. It includes:

Practicum
1. A minimum of 75 hours of direct service work with clients
2. A minimum of 75 hours of guided participation in and observation of a variety of professional activities other than direct service (e.g., staff meetings, case conferences, coordination and administrative activities)
3. A minimum of one (1) hour per week of individual or triadic supervision on site
4. A minimum of one-and-a-half (1.5) hours per week supervision on campus or virtually through GoToTraining (or other secure video conferencing media)

Internship I
1. A minimum of 150 hours of direct service work with clients
2. A minimum of 150 hours of indirect service work with clients
3. A minimum of one (1) hour per week of individual or triadic supervision on site
4. A minimum of one-and-a-half (1.5) hours per week supervision on campus or virtually through GoToTraining (or other secure video conferencing media)

Internship II
1. A minimum of 150 hours of direct service work with clients
2. A minimum of 150 hours of indirect service work with clients
3. A minimum of one (1) hour per week of individual or triadic supervision on site
4. A minimum of one-and-a-half (1.5) hours per week supervision on campus or virtually through GoToTraining (or other secure video conferencing media)

Field Site Responsibilities
Students will participate in field site activities according to the mode of operation of the setting. During the Clinical Mental Health Counseling practicum, students are expected to perform, on a limited basis and under supervision, the principal professional activities of the Clinical Mental Health setting.

The University delegates supervisory and administrative responsibility for field site activities to field site supervisors. University faculty instructors and the CMHC Clinical Director will communicate and collaborate with field site supervisors regularly.

If special problems or concerns (clinical, supervisory, interpersonal, etc.) develop, site supervisors are asked to contact the University faculty/supervisor in a timely fashion, depending on the nature of the problem. It is the responsibility of the University faculty
instructor to work with field site supervisors and students to resolve special problems or concerns.

At the end of the semester, site supervisors and faculty supervisors will complete evaluation forms, on which they assess students’ activities.

For more detailed information about the CMHC Clinical Experience, please refer to the most current CMHC Clinical Experience Handbook.

**Internship Abroad**

**The Ecuador Internship**
Students have an option to participate in the Ecuador Internship course and experience counseling in a third world setting while in the CMHC program. Students must have successfully completed COU 5391 Counseling Practicum and be enrolled in Internship I or II and have excellent counseling skills to be accepted to this course. Limited space available. The trip locale is a children’s home in Ecuador and involves counseling traumatized children and training house parents to interact therapeutically with the children; however, the location may change without notice. Students will be supervised by faculty as they accrue both direct and indirect hours towards their Internship I or II requirements. Additionally, students will have the opportunity to experience traditional Ecuadorian culture. Fee required.

**The Kenya Internship**
The Kenya Internship course is designed to develop culturally relevant counseling skills in a third world setting while in the CMHC program. Students must have successfully completed COU 5391 Counseling Practicum and be enrolled in Internship I or II and have excellent counseling skills to be accepted to this course. Limited space available. Students accepted into this internship are trained in evidence based trauma practices and will travel to one or more orphanages in Kenya to provide mental health services, addressing the effects of trauma on children and adolescents. Students are supervised by faculty as they work side by side assessing trauma symptoms and implementing treatment protocols. CMHC students have multiple opportunities to experience Kenyan culture. Fee required.
Comprehensive Exam

Students are required to enroll in COU 6062 Comprehensive Exam concurrently with COU 5393 Internship II. CMHC students will take the computer based comprehensive exam (CPCE-CBT) within the designated month, in the semester they are enrolled in Internship II. Students are expected to schedule and take their exam within the designated month. Once registered to take the exam, students will receive an email from the CMHC Program Coordinator detailing the steps to follow in order to secure a desired test time and date.

Designated Exam Month

Summer: June
Fall: October
Spring: March

Testing Locations

Lubbock area students have the option to take the exam at Lubbock’s Pearson site, which is located downtown in the Wells Fargo building. The cost to take the exam at a Pearson site is $150.

Pearson Professional Centers-Lubbock TX
1500 Broadway St
Suite 1113
Wells Fargo Center
Lubbock, Texas 79401

Students who wish to take their exam on the Lubbock Christian University campus, must contact Ingrid Wright at (806) 720-7480 for dates and schedule. Traditionally, the on-campus testing date is on a Saturday within the designated month. The cost of the exam is $75 to take the exam at LCU.

Students who reside outside of the Lubbock, TX region may schedule their test at a Pearson Vue Site near them. More information regarding test scheduling will be discussed in COU 5393 Internship II supervision.
ACADEMIC POLICIES AND PROCEDURES

Program Completion Sequence
For successful completion of Graduate Studies in the CMHC program, students should follow the sequence referenced below:

___ Submit Application Packet
___ Complete Interview
___ Applicant Review by CMHC Faculty
___ Obtain Approvals for Transfer/Waiver of Credit(s)
___ Program Admission
___ Attend University and Program Student Orientations
___ Complete Plan of Study with Faculty Advisor
___ Successfully Complete Progress Review (after first semester)
___ Apply for Candidacy (after 12 hours completed)
___ Obtain Promotion to Candidacy Status
___ Continued Successful Annual Reviews
___ File Intent to Pursue Practicum form with Clinical Director
___ Begin Clinical Experiences (no earlier than fourth semester)
___ Successfully Complete Clinical Experiences
___ Complete Application for Graduation and Pay Graduation Fees
___ Successfully Complete Coursework including Clinical Experience and CPCE
___ Complete Exit Interview/Closing Conversation with Program Director
___ Graduate

Orientation
Incoming students will be invited to two (2) orientations, provided in an online video format. The first is provided by the Graduate School and will have representatives from the Business Office, the Registrar’s Office, Financial Aid Office, Campus Public Safety Office, the Counseling Center, the ChapDesk (IT), the Campus Library, Medical Clinic Services and the Campus ChapStore. Students will be given instruction on how to have their university identification card made and obtain a parking sticker. A second orientation will be conducted by the graduate office of the Psychology and Counseling Department and will provide information on the mission and goals of the program, the Course of Study, academic policies and programs, program expectations, clinical experiences and requirements, class format and grading policies, student retention and remediation, professional orientation and organizations, and an introduction to departmental faculty. Students will receive email communications regarding how to access each of the orientations. **Students are required to view the Graduate Studies in Clinical Mental Health Counseling program orientation.** Students will be asked to provide feedback on their experiences in the Graduate Studies in Clinical Mental Health Counseling program orientation.
**Student Advising and Plan of Study**
Each new student in the CMHC program is assigned an academic advisor. In collaboration with their advisor, students will develop a Plan of Study (POS) during their first semester. Students should email their advisor and set up a time to meet (in person or telephone). The purpose of the POS is to tailor the course sequence to ensure a student’s timely progression through the program. See *Plan of Study* form. The (POS) must be electronically signed by both the student and the advisor to be valid. While students are only required to meet with their advisor the first semester, it is advisable that students reach out to their advisor with questions as they arise. Students are encouraged to develop a good working relationship with their advisor. Their academic advisor will provide professional mentoring and opportunities for professional development in the field of counseling. A student can switch advisors at any time, given the agreement of the anticipated next advisor, who must also be within the core counseling faculty. A student may change academic advisors by consulting with the anticipated next academic advisor, the student’s current academic advisor, and, if needed, the Department Chair. Students are responsible for checking their (POS) and for making sure they are on track.

**Changing Plan of Study**
Once signed, the Plan of Study becomes an agreement between the program and the student. We expect that the student will follow the Plan of Study each semester. Changes to the plan must be completed in Dynamic Forms (link can be found in student’s Moodle Advising Course) and signed electronically by the student. In order to change the plan, the student must meet with his/her advisor and develop a revised plan. Once signed by the student and the advisor, the plan must be approved by the Program Coordinator of the Graduate Program. Once approved, the new plan will be placed in the student’s file.

**Academic Course Load**
A student enrolled for 6 hours is considered a full-time student. A student enrolled for less than 6 hours is considered a part-time student. However, students who are enrolled in practicums or internships are considered full-time students even if they are only registered for one clinical course in a given semester. Because of the significant hour requirement beyond the classroom, these students are considered full-time students by the CMHC program and faculty. No student will be permitted to enroll for more than 9 hours per semester without special approval from the Dean of the College.

**Class Changes**
Students who enroll in classes during advanced registration may change their class schedules before the first day of class. Class changes consist of adding classes, dropping classes, or canceling all classes. Students who want to cancel their classes must contact the registrar prior to the first day of class. On the first day of class all regular rules for schedule changes apply. Schedule changes for normal registration will be permitted only for due cause and must be completed within a time period each enrollment period designated as “Drop/Add.” The student’s academic advisor must approve all changes.
Courses dropped during the first five days of each enrollment period will not appear on students’ permanent records. Courses dropped between the second and tenth week of class, inclusive, will be recorded as a “W.” Courses may not be dropped after the tenth week of class. The “Drop/Add” time is published in each enrollment period’s class schedule. To drop a class, students must submit a properly signed “Official Request to Change Schedule” form to the registrar. Electing not to attend a class without following the proper procedures will result in a grade of “F.”

**Grading System**

While it may be customary to refer to graduate student enrollment by the number of courses a student takes per term, the academic unit is the semester hour. The 3-semester hour course is based upon three 50-minute hours of instruction each week over a period of 16 weeks. In most instances, graduate courses meet for 150 minutes per week.

All work in the university is graded by letters. Each letter is in turn assigned a quality-point value according to the list provided below. For example, a letter grade of “A” carries a quality-point value of four quality points per semester hour. If the student makes an “A” in a three-hour course, the total number of quality points earned for this course would be twelve quality points. The overall grade-point average for each student is determined by dividing the number of quality points earned by the total number of hours attempted. Only work taken at Lubbock Christian University (LCU) is included in the computation. In the case of courses repeated at LCU, only the highest grade will be used in determining the grade point average. The hours attempted will be used only once. For duplicated work, that is, for any course taken both at LCU and another school, the grade of the LCU course will always be used in computing the student’s GPA. Grades are awarded on an “A” (excellent), “B” (good), “C” (marginal) and “F” (failing) scale. “Pass/Fail” (P)(F) grades are assigned in all clinical experience courses (practicum/internship) and will not be computed as a part of the student’s overall GPA. “In Progress” (PR) grades are given only on approved courses, such as certain practicums or internships. A grade must be established by the end of the next full semester after the PR grade has been given. A student who does not return to Lubbock Christian University will automatically receive an “F” on all PR grades after the following full semester. Any variation of these policies must be approved by the Graduate Council.

**Class Attendance**

Regular class attendance/online engagement is expected of each student. The classroom experience is considered an integral part of the institution’s educational program. Students who miss a significant amount of class time (25%) are subject to failure. Lubbock Christian University has a “no-cut” system. Absences must be explained to the satisfaction of instructors who will decide whether omitted work may be made up.

Absences for officially approved Clinical Mental Health Counseling business, sponsored trips, athletic contests, illness, or a death in students’ immediate families are excusable and may not be penalized, provided they are approved prior to the absence or explained within one week of
the absence. Other absences may be excused at the discretion of the teacher. Exception: Students in practicum courses are governed by separately published policies. Instructors may assign reasonable and relevant makeup work for excused absences. In case students miss examinations and have excusable absences, teachers may give makeup examinations or average the other grades without considering the examination missed. Students may not be given a grade of zero for missing an examination when they have clearly demonstrated excusable absences.

Instructors may reduce grades for unexcused absences. Students who are tardy three times may be charged with one absence. Penalties for unexcused absences shall be left to the discretion of teachers. They must be reasonable and not levied capriciously. Instructors are under no obligation to give makeup examinations because of unexcused absences. If students are absent, excused or unexcused, for more than 25% of total class time, they are subject to being dropped with a grade of “F.” Students dropped from two or more classes in a single enrollment period for irregular attendance or for nonattendance may be suspended from the university.

Class Schedule Disruption Policy
Except in the rarest of instances, Lubbock Christian University does not cancel classes or close offices. However, should an event (weather-related or otherwise) occur that requires disruption of the entire LCU class schedule, students will be notified via multiple venues including the Lubbock Christian University homepage (https://lcu.edu), and a text message sent through LCU ALERT (https://lcu.edu/resources/health-and-safety/public-safety/lcu-alert).

In the event of the sighting of a tornado that threatens the LCU campus, all persons in the building should move immediately to the interior hallways of the lowest possible floor away from windows. Maps defining safe areas are posted in the entrance of each building. Students are advised to monitor local television, radio, and LCU Alert for up-to-date weather information and instructions.

Student’s Responsibility for Notification of Extended Absence
In the case of individual absences, students should contact their professors directly. However, students who find themselves in circumstances which would cause them to miss meetings/practicum/internship for an extended period of time should also contact their site-supervisor immediately.

Academic Standing and Cumulative GPA Requirements
Academic standing is based on students’ cumulative grade point averages (GPA) based on all graduate work attempted at Lubbock Christian University. Grade point averages will be computed at the end of each semester. Students have the right to continue their studies at the university as long as they are making satisfactory progress toward a degree and complying with all other university standards. A permanent transcript of each student’s academic work is maintained in the registrar’s office. Students may come in to see their transcripts, view their transcripts on SelfServe, or request copies in writing at any time.
1. Good Academic Standing: To remain in good academic standing, the student must maintain a cumulative 3.00 GPA and not have more than one grade of “C” on their graduate transcript.

2. Probation: Should the student’s cumulative graduate GPA fall below 3.00 or should they earn a second “C” on their graduate transcript, he/she will be placed on academic probation. A student on academic probation will not be allowed to enroll for more than 6 hours during any term the probation applies. The probationary student is required to achieve a 3.25 cumulative GPA by the time the student has completed the next 9 hours of course work. A course(s) may be repeated to achieve the requisite GPA. If the requisite GPA is attained, the academic probation status will be removed.

3. Suspension: If the requisite GPA is not attained, the student will be suspended from graduate studies at LCU for the following semester, after which the student may apply for readmission. Additionally, a graduate course in which a student earns an “F” will cause suspension for the following semester. The student may be required to appear before the Graduate Council. A graduate course in which a student has earned a “C” or “F” may be repeated. In such cases, only the higher grade will be used to compute the student’s GPA. Failing grades will provide no credit toward the degree. A 3.00 GPA must be maintained to be eligible for financial assistance.

4. Appeals: Students seeking an appeal must submit a letter to the registrar explaining all extenuating circumstances. This letter will be forwarded to the graduate appeals committee. Note: Students desiring to enroll for classes at another institution must have prior permission. Students desiring to re-enroll at LCU after a second academic suspension must petition in writing the vice president for academic affairs for reinstatement before enrolling in any additional graduate courses at LCU.

Conduct Expectations
Lubbock Christian University was founded with a commitment to Biblical faith and principles. As an institution, the university seeks to equip, educate, and develop graduates holistically as people who glorify God, integrating Christian faith and practice with every aspect of their lives. We hope to equip each student with a personal integrity and a moral/ethical framework for life, which is responsible to the standards of Scripture and lived out in the Spirit of Christ.

Standards of Student Conduct
With the goal to create a community that is Christ-centered, the university has established expectations for student behavior. As a member of the LCU community, each student has the responsibility to become familiar with the expectations that reflect the high standards of the university’s mission.

These values include, but are not limited to:
1. Respect for one’s self and others within the campus and in the community.
2. Respect for the legacy, mission, and community Lubbock Christian University strives to maintain.
3. Respect for all the laws set forth by the government at local, state, and federal levels.
4. Respect of policy, procedure, discipline, and authority implemented by the institution to effectively manage all university activity.

5. Respect for the diversity (personality, race, religion, etc.) of students, faculty and staff who inhabit the LCU community.

6. Willingness to embrace the need to hold others in the LCU community accountable to the Christian standards that reflect the university’s mission.

7. Ability to communicate effectively and appropriately with instructors, staff, clients, supervisors, and fellow classmates—both in person and by email. We believe it is imperative that a student graduating into the mental health profession know to communicate thoughtfully, appropriately, and with care.

All policies regarding student conduct are available in the University Student Handbook (https://lcu.edu/resources/student-handbook). These policies apply to all graduate students on or off campus, regardless of whether school is in session.

Academic Integrity
The mission statement of Lubbock Christian University cites three areas of focus in its goal of changing lives: a spiritual emphasis, a quality education, and reinforcement of values. As a Christ-centered institution of higher education, Lubbock Christian University expects its stakeholders to conduct themselves with honor and integrity in academic pursuits befitting a Christian learning community and in keeping with the university’s mission. To underscore the importance of academic honesty, all students will sign a Pledge of Academic Integrity as a part of the University admission process. The full Code of Academic Integrity, including definitions related to academic integrity, disciplinary responses to academic dishonesty, and the appeals process are found in the Lubbock Christian University Student Handbook: (https://lcu.edu/resources/student-handbook/code-of-academic-integrity).

Personal and Experiential Awareness
The faculty members in the Graduate Studies in Clinical Mental Health Counseling program at Lubbock Christian University firmly believe in the role and value of personal reflection and self-awareness for counselors and encourage our students to engage in their own personal therapeutic journey. Understanding one’s own perspectives, interpretations, beliefs, experiences, and emotions is a crucial step towards understanding others and enhancing one's professional counseling and helping skills.

The emphasis on personal development is a vital and fundamental aspect of our graduate program. Our program’s faculty members engage students in activities that promote the development of self-awareness and are committed to creating an atmosphere of safety. However, it is important to recognize that an atmosphere of safety is not synonymous with an atmosphere of comfort. In numerous classes in the program, students will be asked to take necessary emotional risks and actively engage in personal growth and self-reflection. For example, students will have opportunities to explore their own family of origin issues and identify their biases, resistances, and assumptions. Understanding oneself is essential to your
professional development as a counselor, as the counselor brings the self to be with the client. Engaging in our own self-awareness and personal development is essential to encouraging such a process in others. Consistent with this is the expectation that students will offer their peers honest and direct interpersonal feedback. Feedback is a crucial aspect of students learning from each other. This is especially true in clinical courses such as Introduction to Counseling Skills, Group Counseling, Techniques of Individual and Family Therapy, Practicum, and Internships.

In order to advocate for the professional development of our students, and prepare students with the skills necessary to become competent professionals, educational experiences in some courses may be distressing for some students. If a student is exhibiting distress, we discuss options to help the student cope with this discomfort. Should a student choose to seek personal counseling, suggestions for local resources will be made (learn about on-campus services at: https://lcu.edu/resources/health-and-safety/counseling-services). Students who are participating in their own personal counseling should inform their counselor, course instructor, and program advisor about distressing course experiences.

In addition, during the course of study it may become clear to the student, faculty, or both, that the counseling profession is not a suitable match for the student. In such cases, faculty will help students, as needed, to explore more appropriate career choices and assist the student with exiting the program in a committed and caring manner.

(Adapted with permission from Lipscomb University’s Graduate Studies in Counseling Student Handbook, 2016-2017)

**Professional Social Networking Behavior**

Students who use social networking sites (e.g., Facebook, Twitter, Instagram) and other forms of electronic communication should be mindful of how their communication may be perceived by clients, colleagues, faculty, site supervisors, and other mental health professionals. As such, students should make every effort to minimize visual or printed material that may be deemed inappropriate for a professional counselor. To this end, students should set all security settings to “private” and should avoid posting information/photos or using any language that could jeopardize their professional image. Students should consider limiting the amount of personal information posted on these sites. Students should never accept a client as a “friend” or expose a client through pictures, posts, tweets, or otherwise as part of their social network, since doing so constitutes a boundary violation. Additionally, any information that might lead to the identification of a client or represent a violation of client confidentiality is a breach of the ethical standards that govern the practice of a counselor or counselor in training. Engaging in these types of actions could result in the student being dismissed from the program.

(Adapted with permission from Lipscomb University’s Graduate Studies in Counseling Student Handbook, 2016-2017)
**Evaluation of Student Performance and Progress**

The Graduate Program in Professional Counseling is committed to continuous and systematic evaluation of its students. The faculty also believes that students deserve and require on-going feedback regarding their progress through the program if they are to reach their potential.

When a student is admitted for the Master of Science in Clinical Mental Health Counseling, it is an admission into the program but does not constitute Candidacy for M.S. degree. Candidacy approval allows the student to progress through the program and pursue the clinical experiences. A student’s progress and performance in the program will be initially evaluated after completion of the first semester through the Progress Review process. Information from the Progress Review process will become part of the program’s consideration of the student’s application for Candidacy. A progressing student should make application for Candidacy after completing 12 hours of graduate coursework (typically at the end of the second semester, which must include COU 5353 Introduction to Clinical Mental Health Counseling). Application for Candidacy initiates the next review of a student’s performance and progress. After approval for Candidacy, the student will continue to be evaluated through formal and informal processes to ensure successful completion of the program. Information about the Progress Review process and the Candidacy process is provided below.

**Performance Review Committee (PRC)**

The Performance Review Committee is responsible for evaluating a student’s performance and potential for effectiveness as a Professional Counselor and making decisions regarding a student’s continuation towards Candidacy and promotion to Candidacy status. Membership of this committee includes but is not limited to the student’s faculty advisor (who may serve as chairperson when the committee reviews the student’s performance deficiencies), the faculty who taught the student’s courses (including COU 5301 Introduction to Clinical Mental Health Counseling), the CMHC Clinical Director, and any other faculty as appointed by the Program Coordinator. Appeals to the Performance Review process should be directed to the Chair of the Psychology and Counseling Department.

**Performance Review**

At the end of the first semester, faculty will review and evaluate each new student’s performance during that semester, considering not only the academic performance, but also the professional, intrapersonal, and interpersonal skills and behavior.

An evaluation of the student’s performance will occur via both formal and informal methods. Formally, the student will be evaluated by course performance. If concerns arise about a student’s interpersonal behaviors or personal characteristics at any point in the semester, a Professional Performance Review (PPR) matrix may be completed by each faculty member expressing such concerns. Informally, the faculty will continuously evaluate the appropriateness of each student’s interpersonal skills through interactions with faculty, staff, clinical supervisors, and other students. Information from these evaluations and interactions will be reviewed by the Performance Review Committee at the end of the first semester.
At the end of the first semester, the Performance Review Committee will review all information from the formal and informal evaluations listed above to consider each student’s entire performance during this semester and consider the student’s readiness for the counseling field. Any issues requiring the completion of PPR forms during the semester will be specifically reviewed. For each student, the PRC will determine if a student should be allowed to proceed in the M.S. program. At this meeting, one of the following decisions will be made: 1) approval to proceed in the program, 2) dismissal from the program, or 3) recommendation for a PIP (See Performance Improvement Plan below for details). If a student’s performance is deemed appropriate for progression in the program and in the field of Professional Counseling, the student may proceed with additional courses; a student may request a meeting with his/her advisor at any time to review the first semester feedback. All evaluation and progress review materials will be placed in the student’s files, and the student may request to see this information at any time.

At the end of the third semester (one full year), we look at fit for profession through counseling skills. Proficiency in counseling and interpersonal skills is imperative to success as a Professional Counselor. Accordingly, COU 5301 Introduction to Clinical Mental Health Counseling is designed to provide foundational skills and enhance interpersonal functioning known to be central to counselor effectiveness. The instructor of COU 5301 will consult with the PRC regarding a student who fails to demonstrate proficiency in this course. Following the review of evidence regarding the student’s deficiencies, the PRC may recommend that the student be given an “In Progress” (PR) grade and provided with a Performance Improvement Plan (PIP) which will detail corrective actions necessary for successful completion of this course. Students receiving a “C” or below in the course will be required to repeat the course. A grade of “A” or “B” is required in this course in order to be considered for Candidacy Status. Candidacy approval is required in order to complete clinical experiences (practicum/internships). Successful completion of clinical experiences is required to be conferred a Master of Science in Clinical Mental Health Counseling. Students failing to successfully complete the PIP and/or failing to pass COU 5301 in the semester immediately following initial registration in this course will be not be allowed to continue in the program. Students dismissed from the program will be provided with encouragement and support in exploring other professions to which they are better suited. (See Performance Improvement Plan below).

In addition to evaluating each student’s specific performance in COU 5301, by the end of the third semester, the PRC will review all information from the formal and informal evaluations listed above to consider each student’s entire performance during both semesters and consider the student’s continued readiness for the counseling field. Students who have completed eighteen hours of coursework at the end of the third semester should apply for Candidacy (see Candidacy below). For those who have not yet completed twelve hours, the formal and informal evaluations will be reviewed as in the first semester. Any concerns recorded on PPR forms will be specifically reviewed. For each student, the PRC will determine if a student should
be allowed to proceed in the M.S. program. At this meeting one of the following decisions will be made: 1) approval to proceed in the program, 2) dismissal from the program, or 3) recommendation for a PIP (See *Performance Improvement Plan* below for details). If a student’s performance is deemed appropriate for progression in the program and in the field of Clinical Mental Health Counseling, the student will be encouraged to proceed with additional courses and to apply for Candidacy after eighteen hours of coursework are completed. Students may request a meeting with their advisor to review the feedback. All evaluation and progress review materials will be placed in the student’s files, and the student may request to see this information at any time.

**Candidacy**

After the student has received approval from the PRC to proceed into the second semester of coursework and has completed at least 18 hours of coursework, the student must apply for “Candidacy” which allows the student to continue progress in the program and pursue the clinical experience. A student is not allowed to progress beyond the semester in which 18 hours have been earned without application for Candidacy. For admission to Candidacy, the student must satisfy the following:

1. Complete all required undergraduate deficiencies if admitted on condition, including successful completion of a PIP leading to “Graduate Student” status.
2. Complete at least eighteen hours of graduate work (in no less than two semesters). The eighteen hours must include the following three courses: COU 5301 Introduction to Clinical Mental Health Counseling, COU 5363 Group Psychotherapy and COU 5364 Crisis Counseling.
3. Maintain a 3.00 GPA on all courses taken toward the requirements for the degree with no incomplete grades.
4. Receive successful reviews by PRC and successful evaluations on Professional Performance Review forms during the first, second, and third semesters.
5. File an “Application for Candidacy” form with Graduate Studies in Clinical Mental Health Counseling which will initiate a formal review by the PRC. Applications are due each semester on the Monday after finals week by 4:00 p.m. to the departmental administrative assistant unless the students are notified otherwise of any deadline change.
6. After review by the PRC, one of three decisions will be made: 1) promotion to Candidacy for the Master of Science in Clinical Mental Health Counseling and approval to proceed with additional coursework and clinical experiences, 2) dismissal from the program, or 3) recommendation for a PIP (see *Performance Improvement Plan* for additional details).
7. After the Faculty review date, the student will receive a letter communicating the decision of the PRC. If there are concerns, the student will be asked to meet with the advisor. If a PIP was recommended for the student, see details below. The Candidacy form will be signed by the Program Director along with the Plan of Study (determined during the first semester with one’s advisor), and both will be filed in the student’s file.
8. After admission to Candidacy and approval of the Plan of Study, any changes in the Plan of Study must be approved by the student’s advisor and the Program Director and a revised Plan of Study form submitted via Dynamic Forms and signed electronically by the student. ([https://dynamicforms.ngwebsolutions.com](https://dynamicforms.ngwebsolutions.com)).

Routine Annual Evaluation of Student Progress
Student progress through the program is assessed annually at a PRC meeting toward the end of each semester. The standard for satisfactory performance includes the following: successful passing of courses, progress through the program requirements in a timely manner, appropriate professional and personal growth, and appropriate interpersonal behavior.

If a faculty member has a concern about a student’s progress, course performance, or behavior, a PPR form will be completed to document the concerns. If additional space is needed, the faculty will write a letter documenting the concerns. A student will receive a Notice of Concern (in a letter) if progress or behavior is not considered to be appropriate; he/she will be asked to meet either with the advisor and/or the PRC for a discussion of the issues and to determine a course of action, should a formal one be necessary (PIP will be utilized).

Students can assume that their performance is satisfactory and that they are in good standing in the program if they receive no written notification to the contrary after the annual review.

Performance Improvement Plan (PIP)
In the event that a student fails to meet program expectations, the student may be placed on probation, and provided with a Performance Improvement Plan (PIP) to aid the student in overcoming performance deficiencies and returning to good standing in the program. The plan is normally developed by the Performance Review Committee (PRC) (except for PIPs related to program admission decisions which are handled by the Graduate Program in Clinical Mental Health Counseling Admissions Committee) and specifies required activities and deadlines that must be achieved by the student, as well as consequences for failure to complete the PIP.
Failure to successfully complete directives prescribed in the PIP will result in sanctions up to and including temporary or permanent dismissal from the program.

The PRC could determine a student’s performance deficiencies are of such a nature and severity that neither the student nor the program will benefit from a PIP. In those cases, a student may be dismissed temporarily or permanently from the program. Dismissal procedures are described in the section entitled Dismissal from the Program.

A PIP will include 1) a detailed description of the performance/behavioral deficiencies, 2) a detailed explanation of the level of progress or performance that is required to remediate each deficiency—with reference to supporting documentation from written standards in the program (e.g., syllabi, practicum evaluation criteria), 3) the required actions to be taken and the documentation necessary to substantiate successful completion of the action steps, 4) the specific timeframe for completion of the plan, and 5) the consequences for failure to complete
the plan. The plan will be signed and dated by the student, the advisor, and Department Chair, with a copy given to the student and another placed in the student’s file. The advisor and student will discuss and establish mechanisms which will aid the student in completing the PIP in the allotted time, and the advisor will monitor the student’s plan progress and report this progress to the PRC. Students on a PIP are not permitted to pre-register for coursework for the semester following the implementation of their PIP plan. Additionally, students on a PIP are not permitted to register for more than 6 hours of coursework per semester while on a PIP.

Based on a review of the student’s progress, the PRC will determine whether the student has met the terms of the PIP. If the student demonstrates compliance with the terms of the PIP, the student will be considered in good standing and no longer on probation. If the student fails to complete the PIP in accordance with its terms, the student will be subject to sanctions up to and including temporary or permanent dismissal from the program. (See Dismissal from the Program). The PRC will communicate its determinations in writing to the student, with a copy placed in the student’s file.

Ad Hoc Evaluations of Performance
Professional ethics demand that student deficiencies be addressed as soon as possible. Many deficiencies can be successfully addressed by the student and faculty member in the context of a course or other experience (e.g., clinical experiences) without recourse to the more formal procedures described above. However, when student deficiencies cannot be addressed within the context of a course or other experience—either because they are too serious or too broad (i.e., they extend beyond a single course or experience)—they must be brought to the attention of the PRC by completing a Professional Performance Review (PRR) form which outlines deficiencies in the student’s professional, intrapersonal, and interpersonal functioning. Such deficiencies are handled in the same manner as progress or annual reviews. (See Performance Improvement Plan above).

Dismissal from the Program
It is the policy of Lubbock Christian University’s Department of Psychology and Counseling that any student participating in the Masters of Science in Clinical Mental Health Counseling must adhere to the policies articulated in the Graduate Catalog, University Student Handbook, Clinical Mental Health Counseling Handbook, Clinical Experiences Handbook, course syllabi, American Counseling Association (ACA) Code of Ethics, and Lubbock Christian University’s regulations concerning academic and personal conduct standards. Students are responsible for reading and complying with the expectations contained in the documents referenced above and remaining informed of university, departmental, and program policy changes. The program and the university reserve the right to modify policies and procedures without advance notice.

Students who fail to comply with the terms of their PIP may be temporarily or permanently dismissed from the program. Additionally, the program reserves the right to dismiss a student from the program if it is determined that the student’s performance deficiencies are of such a nature and severity that neither the student nor the program will benefit from a PIP. Final
decisions regarding dismissal due to performance/behavioral deficiencies will be made by the Department Chair, upon recommendation by the Performance Review Committee (PRC). Dismissal from the program may follow a period of remediation (PIP), probation, and/or suspension, but such a period is not required to precede dismissal.

A student, being considered for dismissal, will be advised in writing of the performance/behavioral deficiencies under review by the PRC. The student may be requested to appear before PRC, provide the committee with a written statement, or both. Any oral or written statement by the student is expected to respond to the performance deficiencies under review. A copy of the student’s written statement will be placed in the student’s departmental file. While attempting to be consistent in its performance evaluations and dismissal decisions, the program attempts to be sensitive to the facts and circumstances surrounding individual cases. These two values may, at times, conflict, but both will be weighed in the effort to achieve as fair of a process/decision as possible. Following review of the case, the PRC will determine whether a recommendation to dismiss from the program is warranted and whether the dismissal should be temporary or permanent. The PRC then makes its recommendation to the Department Chair, who has the authority to make the final program dismissal decision. The student will be advised in writing regarding the dismissal decision, with a copy placed in the student’s file. Students dismissed from the program are no longer considered students of Lubbock Christian University as of the end of the semester in which they are dismissed. The following are examples of circumstances that could result in dismissal from the CMHC program:

1. Dishonesty (cheating, plagiarism, willful submission of false information or alteration of any official records, etc.).
2. Failure to meet and maintain minimum academic, program, and professional performance standards.
3. Receipt of a Fail grade in Techniques, Practicum or Internship.
4. Disclosure of client confidential information with unauthorized individuals. Unethical or unprofessional conduct.
5. Negligence or misconduct.
6. Circumstances that interfere with training or threaten client welfare.
7. Mistreatment of and/or disrespect for clients, fellow students, research participants, or faculty.
8. Willful conduct that may cause injury to self or others.
10. Felony conviction that affects ability to practice or be licensed.

Program dismissal reviews and communications are considered confidential but may be shared, as appropriate, with pertinent staff and faculty on a need to know basis.
Appeals
Students may appeal recommendations and decisions of the PRC to the Department Chair.

Students dismissed from the program may appeal the dismissal first to the Dean of the College Liberal Arts and Education, with the final appeal determination residing with the Graduate Appeals Committee. To appeal a dismissal, a student must submit a formal, written appeal to the office of Graduate Studies, which outlines the specific grounds for the appeal, must be filed within 60 days of the end of the term in which the student was dismissed and no later than the end of the twelfth month following the dismissal. This letter will be forwarded to the Graduate Appeals Committee, which will hear appeals to determine whether any dismissal/suspension should be lifted or enforced. Students who are readmitted must meet with the committee to petition for reinstatement following any subsequent dismissal/suspension. Students whose appeal is denied may not enroll again for graduate credit. The decision of the committee is final. The student will be notified regarding the university’s appeal decision.

Graduate Financial Assistance
To apply for financial assistance, each year students must complete and sign an LCU Application for Financial Assistance and the Free Application for Federal Student Aid (FAFSA) before federal aid can be awarded. Additional documentation may be required if the U. S. Department of Education selects students’ files for verification or if special circumstances exit. Students will receive notification if this were to occur.

Loans
Loans are based on the financial need of the student. Loans must be repaid upon graduation or when students leave Lubbock Christian University.

Financial Assistance Awarding Procedures
Disbursement of financial aid will be made only when the student’s financial assistance file is complete. This includes all documents requested by the financial assistance office and the graduate studies/registrar office. Once this information is received in the financial assistance office, it will take up to six weeks to be processed. Students will then be notified of their eligibility. Student accounts in the business office will be credited with federal aid at the beginning of each registration period, i.e., fall, winter, spring, summer. Awards will be based upon the number of hours listed on the student’s statement of charges at the beginning of each enrollment period. Awards will be adjusted as enrollment status changes.

Withdrawal from the University
Students withdrawing from Lubbock Christian University may be eligible for a refund of a portion of the tuition paid for the registration period. If students receive financial assistance, then a portion of the aid may need to be returned to the loan source from which the assistance was received. Information about the Return to Title IV fund requirements and the institutional refund policy are available in the registrar’s office. Students intending to withdraw must begin the withdrawal process in the registrar’s office.
Grade of All F’s
If a student, who began attendance and has not officially withdrawn fails to earn a passing grade in at least one course offered over an entire enrollment period, the institution must assume, for Title IV purposes, that the student has unofficially withdrawn, unless the institution can document that the student completed the period. A student who unofficially withdraws and receives all F’s will be placed on Financial Assistance Suspension immediately.

Course Repeats
Students repeating a course for the first time will be allowed to count it toward assistance eligibility. Courses repeated for the second time, or more, will NOT be counted towards assistance eligibility for that period of enrollment.

Courses not Required for Degree
The student is responsible to enroll for courses which apply to their degree plan. Enrolling in courses not required for a degree plan may affect the student’s eligibility for aid. Students must notify the Financial Assistance Office when enrolling in courses outside of their degree plan.

Maintaining Eligibility for Financial Assistance
To be eligible for financial assistance, students must maintain satisfactory progress. Each financial assistance recipient shall be evaluated at the end of each enrollment period. When financial assistance recipients fail to meet the GPA requirement, recipients will be placed on financial assistance probation or suspension, as appropriate.

Financial Assistance Probation and Suspension
When students fail to meet the required GPA, they will be notified that they are on financial assistance probation for the next succeeding enrollment period and in danger of losing their aid. If during a period of financial assistance probation, students fail to meet the required GPA, they will be place on financial assistance suspension and will be ineligible for aid.

Where extraordinary circumstances exist, students may present in writing their request to appeal the suspension. The appeal should be given, or mailed, to the Director of Financial Assistance. The appeal will be presented to the Student Financial Assistance Committee that will make the final decision regarding the suspension. Students will need to meet with the committee at the time and place scheduled by the director.

Graduation Requirements

Graduation Under a Particular Catalog
Graduate students may receive a degree upon satisfying the requirements of the catalog in effect at the time the students entered Lubbock Christian University, or those of any subsequent catalog edition provided that degree requirements are completed within the allotted time provided by that catalog. The degree requirements must be from one catalog.
Residency
No period of formal residency is required for a degree in the traditional on-campus master’s program. Online CMHC students are required to attend three (3) residency weeks, which includes the following 18 hours of coursework: COU 5314, COU 5355, COU 5361, COU 5363, COU 5365, and COU 5383.

Statute of Limitations
All requirements for the M.S. in Clinical Mental Health Counseling degree must be completed within a six (6) year period from the time of initial matriculation.

Minimum Credits
The M.S. in Clinical Mental Health Counseling requires 60 hours exclusive of hours accumulated to satisfy academic deficiencies.

Minimum GPA
The minimum cumulative grade point average (GPA) is 3.00 for all graduate courses taken for graduate credit while pursuing the degree. No grade below a “C” is acceptable, and such a grade would need to be replaced with a passing grade by completing the course again. A grade of “A”, “B”, or “P” in the following classes is required for continued progress in the program and for graduation: COU 5301 Introduction to Clinical Mental Health Counseling, COU 5363 Group Psychotherapy, COU 5360 Counseling Theory and Practice, COU 5361 Techniques of Individual and Family Counseling, COU 5391 Practicum, COU 5392 Internship I or COU 5393 Internship II.

Counselor Preparation Comprehensive Exam
As a component of Internship II (COU 5393), all students are required to complete the Counselor Preparation Comprehensive Exam (CPCE), published by the Center for Credentialing and Education. The CPCE is a national, standardized exam that tests eight core curricular areas as identified by CACREP. Further information and scheduling details for the CPCE will be provided by the Internship II instructor.

Closing Conversation
Graduating students in the CMHC program will be invited to a group lunch/dinner with the Department Chair as part of the Internship II Course experience. Students graduating from the on-line CMHC program who cannot attend a group lunch/dinner will be invited to a group discussion which will be scheduled to meet via GoToTraining. The primary purpose of the group meeting will be to provide students the opportunity to share evaluative feedback regarding their experiences in the program.

Graduation
Students will need to complete the “Application For Graduation Form” even if they do not plan to walk at graduation. Students who do not file their ‘Intent to Graduate Form’ in the Registrar’s Office by the end of the first week of their last semester may be delayed in graduating. The application form can be obtained from the office of Graduate Studies. Appropriate fees must be paid prior to graduation. All students are expected to participate in
graduation ceremonies. Graduate students receiving degrees are hooded during the May and December commencement exercises. If a student is scheduled to graduate in August, when there are no formal commencement ceremonies, they may choose to walk early in May or late in December.

Faculty Endorsement

Clinical Mental Health Counseling faculty are pleased to provide recommendation and endorsement for program graduates. It should be noted, however, that endorsement will reflect the student’s overall competence. Competence for being a counselor goes beyond the grade criteria for courses and counseling hours. It is also important that graduates are able to communicate effectively and appropriately with instructors, staff, supervisors, and fellow classmates—both in person and by email. If a student chooses not to be respectful in their presentation of thoughts, it will be noted in the student’s file, it will be reflected in their evaluations, and will affect any letters of recommendation that may be requested for future employment.

Requests for recommendation should be made directly to the program faculty member from whom the endorsement is solicited with sufficient time for completion. Faculty reserve the right to refuse a recommendation request.

Deadlines

It is the student’s responsibility to be aware of all deadlines applicable to his or her academic program. Information regarding all deadline dates can be obtained from the Clinical Mental Health Counseling Office.
PROFESSIONAL DEVELOPMENT & CREDENTIALING

In addition to the responsibilities inherent in the demands of the graduate program, students are encouraged to aggressively pursue their professional development through attendance and participation at local, regional, state, and national professional conferences and workshops. Program faculty welcomes the opportunity to collaborate with students in writing, presentation, and other professional development activities.

Professional Organizations

Graduate students are expected to be active and involved in professional counseling organizations, including American Counseling Association* (ACA), Texas Counseling Association (TCA). Other area professional organizations that may be of interest are the Texas Mental Health Counseling Association (TMHCA), American Association of Christian Counselors (AACC).

*Practicum and Internship students are required to obtain and maintain student membership inclusive of professional liability insurance coverage through HPSO. Membership in the Texas Counseling Association or American Counseling Association does not immediately insure the student. However, coverage can be purchased at a student rate and discounted when you are a member of one of these organizations.

Licensure and Credentialing Requirements

The credentialing of professional counselors takes various forms. Credentialing itself is an umbrella term to cover such areas as state licensure, certification, and registry. Information about licensure in the State of Texas can be obtained at http://www.dshs.texas.gov/counselor/default.shtm.

It is the student’s responsibility to understand and make arrangements to meet the licensure requirements of the state in which he or she intends to practice.

*Lubbock Christian University’s Master of Science in Clinical Mental Health Counseling meets the academic requirements for licensure in the state of Texas. Additional exams and supervised clinical activities (across 2-5 years) are required to fully meet licensure requirements in Texas.

Texas Licensure for the Licensed Professional Counselor Designation (LPC)

In the state of Texas, there are a few standard requirements for licensure. Rules for licensure change occasionally, but the most recent regulations can be obtained at the link below.

http://www.dshs.texas.gov/counselor/lpc_laws.shtm

The CMHC program is committed to helping students navigate the changing landscape of licensure procedures in the state of Texas. A summary of the necessary components for licensure are listed in the following section.
TEXAS STATE BOARD OF EXAMINERS OF PROFESSIONAL COUNSELORS
REQUIREMENTS TO APPLY FOR A NEW LICENSE

Apply for a New License - Requirements
Applicants must obtain academic course work in each of the following areas: normal human growth and development; abnormal human behavior; appraisal or assessment techniques; counseling theories; counseling methods or techniques (individual and group); research; lifestyle and career development; social, cultural and family issues; and professional orientation.

Supervised Experience
After completion of the graduate degree and before application, an applicant must take and pass the National Counselor Exam and the Texas Jurisprudence Exam. After receiving a temporary LPC license from the board, the applicant may begin the supervised post-graduate counseling experience (internship). 3000 clock-hours with at least 1,500 being direct client contact of internship under the supervision of a board-approved supervisor is required. The 3000 clock-hours may not be completed in a time of less than 18 month. As of August 2017, no Master’s level hours will count towards the 3,000 hour LPC Internship.

Steps to Licensure
After graduation:
1. The candidate will receive their official transcript from LCU. An official transcript is needed to apply to take the NCE.
2. Register for the NCE at http://www.dshs.texas.gov/counselor/lpc_exam.shtm
3. Register to take the Texas Jurisprudence Exam
4. After successful completion of the NCE and approval from the state, the candidate will be able to begin collecting hours toward licensure.
5. To apply for licensure, an approved site and an approved supervisor are needed for the application.

Student’s Responsibility
Ultimately, it is the student’s responsibility to initiate and carry out the application for state licensure. The faculty at LCU will gladly assist during this process. During the Capstone course, the course instructor will assist students in understanding the most current licensure requirements, including examinations and the post-Masters supervised clinical work. For the most up-to-date requirements, please refer to the licensure board website at: http://www.dshs.texas.gov/counselor/lpc_laws.shtm.
STUDENT SERVICES

Center for Student Success
The Center for Student Success is committed to helping students succeed by providing testing, and services for students with disabilities. The Center for Student Success is located in the Center for Academic Achievement building.

Disability Services
The University is a member of the Association on Higher Education and Disability and is committed to providing appropriate accommodations for students under the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973. The Office of Disability Services, located in room 117 of the Diana Ling Center for Academic Achievement, strives to ensure equal access to all students. Qualified individuals with disabilities may request accommodations through the Office of Disability Services 806-720-7156 or disabilityservices@lcu.edu. The Disability Services Coordinator is Justin Archer 806-720-7156 and the ADA Compliance Officer is Dr. Rodney Blackwood 806-720-7401.

Technology Support
Students can access the Chap Desk for technology support during business hours at chapdesk@lcu.edu. Students enrolled in online degree programs have access to a technology help desk 24 hours a day, 365 days a year. Course materials and academic resources are incorporated into the course management system for online degree programs.

Career Services
Career Services aids students through career assessment, career research, career advising, job placement, instruction in resume and cover letter writing, and interviewing skills. Career Services are available in the Cardwell Welcome Center, Alumni Relations Office. They can also be reached at CareerServices@lcu.edu or by calling 806.720.7238.

Counseling Services
Lubbock Christian University is committed to providing counseling assistance for students struggling with academic pressures, family conflicts, relationship difficulties, career indecision, spiritual struggles, substance abuse and other problems. Students seeking counseling services are entitled to limited personal counseling each semester. The director of the Counseling Center is a Licensed Professional Counselor who adheres to the ethical standards of the profession. Counselors follow the strictest standards in regards to confidentiality and privacy, and measures are taken to protect all confidential counseling records. The Counseling Center is located upstairs in the Mabee Student Life Building. To schedule an appointment, come by the Center during regular office hours, or call the Counseling Center at 806.720.7478. You may also request an appointment via e-mail, sent directly to counseling@lcu.edu.
**Medical Clinic**
The University has a medical clinic, with a full-time, on-site, licensed physician serving as the director of the clinic. The clinic is well equipped and staffed to handle the minor medical problems of university students, including acute illnesses and minor injuries, as well as maintenance therapy for certain chronic health conditions. The physician can assist with referrals to specialists in the Lubbock medical community when needed. There are several major hospitals and urgent care centers within 15 minutes of the University for emergencies or after-hours medical needs. The medical clinic is located on the second floor of the Mabee Student Life Building.

**Library**
The university library provides learning resources to support university curricular offerings and assists with student research needs. Library holdings include over 125,000 books, 98,000 e-books, 240 print journal subscriptions, 40,000 full text journals, and 70 databases. Checkout privileges are available to students for a three-week period. Librarians provide research instruction to classes and individual students. The University Library is located at the northeast corner of the university mall. Library resources and services are also available online.

**Health and Safety**
The campus Public Safety operates 24 hours a day, 365 day a year. Public Safety officers enforce university regulations with respect to parking, alcohol, and drugs, and conduct other campus security functions. The university has an emergency notification system, which contacts students and university personnel by e-mail, text message, and telephone. The university uses the emergency contact information provided upon registration. Students are responsible for updating their emergency contact information through the student information system.
Handbook Afterword

This program handbook is a major resource which outlines the process by which counseling graduate students can achieve success in the program. Students are obliged to follow the requirements of the Clinical Mental Health Counseling Program, the Department, and University. This handbook is our current statement and interpretation of State of Texas Licensed Professional Counseling Standards and the standards regulated by the Council for Accreditation of Counseling & Related Educational Programs (CACREP); you should consider that you are bound to follow it. From time to time, however, requirements may be modified, and, if so, you will be informed of such changes either through the campus mail or public postings. Any changes in department or program requirements should be consistent with Graduate Clinical Mental Health policy.

All counseling graduate students agree to accept responsibility both for being informed and for following the procedures outlined herein, and acknowledge that they will be required to qualify for the degree under these established policies. Only if there is an approved exception on file with the Department Chair will students be allowed to deviate from the policies in this handbook. Because this is a human endeavor, there may be an occasional error in this handbook. You will be informed of those errors when they are discovered, but in no case will the department or any of its programs be bound to follow an erroneous statement or policy, and students will be expected to bring their program of studies in line with correct requirements as quickly as possible. Should any question arise, students may contact the Director of Graduate Studies for clarification. Should any exceptions, decisions, or clarifications about your particular requirements be made, make sure that you have a written, signed and dated memorandum on the matter, with copies on file with the Department Chair, the Clinical Mental Health Counseling Program, and placed in your department student file.

Finally, department and program requirements evolve and change, and are incorporated into periodic revisions of this handbook. It is possible that there will be important changes that occur before a complete revision of this handbook. The Department will make every reasonable effort to inform you of such changes, and you must be attentive to relevant mailings and postings. It is also advisable for students to save with their handbooks notices of new policies and requirements.

Additional information about requirements for the Practicum and Internship courses are available in the CMHC Clinical Experiences Handbook.

Handbook Appeals and Questions

Any questions or requests for exceptions to program policies as stated in this handbook should be addressed to the Chair of the Psychology and Counseling Department. Changes or exceptions to academic policies will require approval via the appeal process established by the Lubbock Christian University Graduate Council. For information about this appeal process, contact the Graduate Studies Director at 806.720.7352.
Forms and Supporting Documents
NEW STUDENT ORIENTATION EVALUATION FORM

Thank you for taking time to complete this orientation evaluation. Your feedback will help to improve the quality of future orientations.

Please rate your agreement with the following statements:

The orientation provided valuable information regarding the program and my professional options.
1. Strongly Agree
2. Agree
3. Neutral
4. Disagree
5. Strongly Disagree
6. No Opinion

The orientation was well organized.
1. Strongly Agree
2. Agree
3. Neutral
4. Disagree
5. Strongly Disagree
6. No Opinion

The orientation helped me feel informed about my choice of academic studies.
1. Strongly Agree
2. Agree
3. Neutral
4. Disagree
5. Strongly Disagree
6. No Opinion

The individual providing the orientation was warm and enthusiastic.
1. Strongly Agree
2. Agree
3. Neutral
4. Disagree
5. Strongly Disagree
6. No Opinion
The orientation provided me many opportunities to ask questions and get concerns resolved.
1. Strongly Agree
2. Agree
3. Neutral
4. Disagree
5. Strongly Disagree
6. No Opinion

The orientation provided useful reference materials.
1. Strongly Agree
2. Agree
3. Neutral
4. Disagree
5. Strongly Disagree
6. No Opinion

Overall, the orientation met my expectations.
1. Strongly Agree
2. Agree
3. Neutral
4. Disagree
5. Strongly Disagree
6. No Opinion

COURSE TRANSFER REQUEST FORM

Name (Print) ___________________________________________ Student ID #__________________

LAST FIRST MIDDLE

Date of Request ________________________________________ Program: MS-CMHC

Directions:
• Complete this form, recording the course you have taken at a different university and the LCU course you wish for it to replace.
• Attach your official transcript from the other university.
• Attach the course syllabus of completed course
• Complete a form for EACH course

Policy regarding transfer credit:
• A maximum of 9 transfer hours may be counted toward your Master degree.
• The Graduate Director or an appointed faculty member of the graduate program will evaluate the course(s) being proposed for transfer and make a determination of suitability.
• No course with a grade below a “B” will be considered for transfer.
• A substitution for a required course may be allowed if the substituted course is equivalent in content and caliber.

GRADUATE STUDENT ACKNOWLEDGMENT FORM

It is the policy of Lubbock Christian University’s Department of Psychology and Counseling that any student participating in the Master of Science in Clinical Mental Health Counseling must adhere to the policies articulated in the following documents: LCU’s Course Catalog, LCU’s Student Handbook, Graduate Studies in Clinical Mental Health Counseling Program Handbook, the CMHC Clinical Experiences Handbook, course syllabi, American Counseling Association (ACA) Code of Ethics, and Lubbock Christian University regulations concerning code of conduct and academic standards.

Students must provide evidence of this agreement by signing this Graduate Student Acknowledgement Form.

By signing below, you acknowledge that you have read and will comply with the expectations contained in the documents above and acknowledge that from time-to-time policies may be reviewed and revised without advance notice. You further acknowledge that it is your responsibility to remain informed of university, departmental, and program policy changes and comply with them as they are published.

*Students should use one of these schedules to fill out their plan of study. Each student should plan their study beginning in the corresponding semester of year 1 and not move to year 2 coursework until completion of the all year 1 semesters. Students should consult their advisors for assistance in developing their plan of study and for understanding differences for spring and summer enrollments.

*Students should use one of these schedules to fill out their plan of study. Each student should plan their study beginning in the corresponding semester of year 1 and not move to year 2 coursework until completion of the all year 1 semesters. Students should consult their advisors for assistance in developing their plan of study and for understanding differences for spring and summer enrollments.*

PROFESSIONAL PERFORMANCE EVALUATION RUBRIC
To be used when completing the Professional Performance Review Form (PPR)

<table>
<thead>
<tr>
<th>Student Name:</th>
<th>Date of Filing:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Person Filing the Report:</td>
<td>Date of Incident:</td>
</tr>
</tbody>
</table>

Instructions: 1) Check the DISPOSITIONAL box most closely associated with the nature of the feedback you wish to offer. If desired, more than one box may be checked. 2) Write a detailed explanation of the situation leading to the filing of the form; be as specific as possible and please use behavioral terms. 3) Check the level of concern (R/Y/B/G) in the box on the far right using key below. 4) In the space provided describe the student’s behavior as it relates to the expected standard. 4) Recommend specific action in the space provided; and 5) If a group decision occurs, record the decision of the group in the space provided. Note: If this form becomes part of the student’s academic file, per FERPA students may have legal access to this records.

Green: You consider this student outstanding, and would like to foster ideas about special opportunities that could be given to the student.
Blue: You have some concerns, but do not believe the situation warrants remediation or gatekeeping strategies. A Blue signifies that additional faculty support or encouragement is needed.
Yellow: You have some concerns and are recommending remediation.
Red: You have very strong concerns and are recommending gatekeeping (suspension or dismissal), with or without remediation (but with due process).

<table>
<thead>
<tr>
<th>DESCRIPTION OF THE BEHAVIORS ASSOCIATED WITH THE DISPOSITIONAL AREA</th>
<th>Check one</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Conscientiousness</strong>: Meets Expectation-- A generally consistent pattern of behaviors such as meeting responsibilities in a timely fashion; consistent class attendance; timeliness for class; meeting commitments and obligations; following directions; timely submission of work; advance preparation; effective management of appointment/scheduling.</td>
<td>☐ G</td>
</tr>
<tr>
<td><strong>Conscientiousness</strong>: Below Expectation-- A generally consistent pattern of behaviors such as: difficulty meeting responsibilities in a timely fashion; excessive class absences; tardiness; missing appointments or other obligations without prior notice; difficulty following directions; last minute work; lack of preparation; ineffective management of appointments/scheduling.</td>
<td>☐ G</td>
</tr>
<tr>
<td><strong>Coping and Self-Care</strong>: Meets Expectation-- Consistently displays the following behaviors: ability to articulate a consistent approach to personal wellness; well groomed; seeks health care as needed. Lack of evidence of behaviors indicative of excessive use of substances. Energetic in academic and professional commitments; displays behaviors indicative of effective time management. Not overextended.</td>
<td>☐ G</td>
</tr>
<tr>
<td><strong>Coping and Self-Care</strong>: Below Expectation-- Inability to show evidence of a consistent approach to personal wellness; lack of coping and self-care strategies. Displays for extended period of time one or more of the following behaviors: Disheveled physical appearance; poor hygiene; poor grooming; short tempered; fatigued or overcommitted to an extent that academic or professional behavior is negatively impacted. Lack of time management; behaviors indicative of excessive use of substances.</td>
<td>☐ G</td>
</tr>
<tr>
<td><strong>Openness</strong>: Meets Expectation-- Tolerance for ambiguity; imaginative; curious; open to new experiences; intellectually interested and engaged. Able to experience novel situations, assimilating or accommodating new information appropriately; uses good judgment to temper selection of intense experiences.</td>
<td>☐ G</td>
</tr>
<tr>
<td><strong>Openness</strong>: Below Expectation-- Professional and academic behavior negatively impacted by lack of tolerance for ambiguity; lack of interest in professional or academic subjects; lack of willingness to engage in new learning experience, or dogmatic world-view. Lacks curiosity about new or novel situations. Alternatively, may not temper thrill-seeking behavior with good judgment.</td>
<td>☐ G</td>
</tr>
<tr>
<td><strong>Cooperativeness</strong>: Meets Expectation-- Behaviors that evidence cooperation, such as working well with authority figures; avoiding inappropriate competition or power struggles; accepting influence from supervisors and other experts; a general display of helpful behaviors; collaborative.</td>
<td>☐ G</td>
</tr>
<tr>
<td><strong>Cooperativeness</strong>: Below Expectation-- Behaviors that evidence a lack of cooperation, such as defensiveness; engaging in power struggles with authority figures; inappropriately competitive behaviors; expression of arrogant opinions; overly aggressive; overtly challenging supervisors; and/or a lack of willingness to accept influence.</td>
<td>☐ G</td>
</tr>
<tr>
<td><strong>Moral Reasoning</strong>: Meets Expectation-- No evidence of manipulating; falsehoods; reliable and truthful in dealings with others. Behavior conveys the ability to judge the rightness or wrongness of actions. Except in rare circumstances, upholds rules, policies, and/or laws. Reflects Kohlberg’s social system/social relationships perspective.)</td>
<td>☐ G</td>
</tr>
<tr>
<td><strong>Moral Reasoning</strong>: Below Expectation-- Evidence of dishonest behavior such as plagiarism, cheating; manipulating; lack of integrity; falsehoods; Engagement in illegal activities. Engagement in behaviors reflecting a lack of capacity to judge the rightness or wrongness of actions. Failure to respect or uphold rules, policies and/or laws. (Reflects Kohlberg’s blind egoism.)</td>
<td>☐ G</td>
</tr>

Student Acknowledgement:

By signing this document, I acknowledge the decision by the Performance Review Committee that I be placed on a Performance Improvement Plan (PIP) as outlined above. I understand that failure to satisfactorily complete this PIP may result in consequences up to and including dismissal for the program in Clinical Mental Health Counseling. I further understand that I may appeal the decision(s) of the Performance Review Committee through the procedures described in the Graduate Academic Policy, and the Clinical Mental Health Counseling Handbook. I have discussed this matter with the CMHC Program Coordinator.

CANDIDACY APPLICATION

To apply for Candidate status, one must have met the requirements listed below.

1. Complete all required undergraduate deficiencies if admitted on condition, including successful completion of a Performance Improvement Plan (PIP) leading to “Graduate Student” status.
2. Complete at least twelve hours of graduate work (in no less than two semesters). The twelve hours must include four of the following six courses: COU 5301 Introduction to Clinical Mental Health Counseling, COU 5360 Counseling Theory and Practice, COU 5314 Assessment of Individuals and Families, COU 5363 Group Psychotherapy, COU 5340 Professional Issues, Ethics, & Law, and COU 5364 Crisis Counseling.
3. Maintain a 3.00 GPA on all courses taken toward the requirements for the degree with no incomplete grades.
4. Receive successful reviews by the departmental Performance Review Committee (PRC) and successful evaluations on Professional Performance Review forms during the first and second semesters.

Please complete the following information: (please print)

Student Name: ________________________________ Student ID Number: ________________________________

Date of Application: ____________________________ Catalog Year: ________________________________

Overall GPA: ____________________________ Total Number of Credits Earned: ____________________________

I have completed the following requirements:

☐ I have no deficiencies remaining from admittance (undergraduate deficiencies or PIP).
☐ I have maintained a 3.0 or above GPA and have no incomplete or IP grades.
☐ I have received successful reviews from the PRC to this point and remain in good standing with the program.

I have completed at least 12 hours of coursework: (please mark the completed courses) GRADE

☐ COU 5301 Introduction to Mental Health Counseling
☐ COU 5360 Counseling Theory and Practice
☐ COU 5314 Assessment of Individuals and Families
☐ COU 5363 Group Psychotherapy
☐ COU 5340 Professional Issues, Ethics, & Law
☐ COU 5364 Crisis Counseling
☐ __________________________________________ (add’l course)
☐ __________________________________________ (add’l course)
☐ __________________________________________ (add’l course)

Comments regarding above criteria:

By submitting this Application for Candidacy, I certify that I have met the above criteria. I also understand that Candidate Status is required before I may pursue any additional coursework or clinical experience. I understand that in the event that I am not approved for Candidate status, I will either be given a Performance Improvement Plan (PIP) or I will be dismissed from the program. If a PIP is required, after successful completion of the PIP, I may reapply for Candidate status.

Candidacy Application (cont.)

Performance Review Committee Decision

Date of PRC Review: ____________________________________________

Decision:

☐ Admit to Candidate Status. Student is encouraged to continue with program requirements. Letter acknowledging approved Candidate status will be mailed.

☐ Student does not meet criteria for Candidate Status at this time. * A Performance Improvement Plan (PIP) will be designed; the student will be required to complete the PIP fully before applying for Candidate Status again. (Please document using the PIP form).

☐ Denial of Candidate Status. * Student will be dismissed from the program immediately. No additional coursework or program activities will be allowed. (Please attach supporting documents to explain decision).

CLOSING CONVERSATION FORM

1. How would you rate the quality of instruction that you received in this program?
   a. Excellent
   b. Good
   c. Fair
   d. Poor

2. How would you rate the availability and helpfulness of the faculty in this program?
   a. Excellent
   b. Good
   c. Fair
   d. Poor

3. How would you rate the availability and helpfulness of the support staff?
   a. Excellent
   b. Good
   c. Fair
   d. Poor

4. How would you rate your academic effort in preparing yourself to be a counselor?
   a. Excellent
   b. Good
   c. Fair
   d. Poor

5. How would you rate your professional conduct throughout the program?
   a. Excellent
   b. Good
   c. Fair
   d. Poor

6. How well do you believe you are prepared by the program to function as a licensed professional counselor?
   a. Excellent/Extremely Well
   b. Good/Well Prepared
   c. Fair/Prepared but with deficiencies
   d. Poor/Not Prepared

7. Would you recommend this program to a friend, family member or colleague?
   a. Yes – Enthusiastically Recommend
   b. Recommend
   c. Recommend with Reservations
   d. No – Would Not Recommend

8. Comments:
APPLICATION FOR GRADUATION

I plan to complete all requirements for graduation at the end of the (Fall/Spring/Summer), 20_____.
I understand that it is my responsibility to complete all requirements and follow all procedures for graduation. All academic work, not just courses taken at Lubbock Christian University, is used to calculate the honors gpa.

I am applying for the following degree:

___Bachelor of Arts       ___Bachelor of Social Work
___Bachelor of Business Administration  ___Bachelor of Interdisciplinary Studies
___Bachelor of Science       ___Master’s Degree

Major_______________________________

___ Veteran of U.S. Military Service

Please print name and home town as you wish it to appear on the program/diploma:

First    Middle    Last    Home Town    State

Preferred Email Address:_________________________ LCU I D #______________________________

Address to which diploma may be mailed:

Number & Street or PO Box    City    State    Zip

Student Signature    Date    Advisor Signature    Date

DO NOT WRITE BELOW THIS LINE

Congratulations on your upcoming graduation from Lubbock Christian University.

There are usually questions about graduation; here a few facts:

1. *ALL* undergraduates must have an escort. Your escort will sit directly behind you and “hood” you at the proper time. Your escort may be anyone that you choose.
2. The Alumni and Marketing/Communication offices will be contacting you with graduation information.
3. You will be notified by an All Student Email when regalia is ready to be picked up in the Chap Store.
TRANSCRIPT REQUEST FORM

An official transcript can be sent to you after your degree has been posted if your account is clear. Please fill out the form below and sign if you would like LCU to send you a transcript when your degree has been posted.

DEScriptions of Counseling and Mental Health Professionals

Many types of mental health care professionals can help clients achieve their psychological or relational goals. These professionals work in inpatient facilities, such as general hospitals and psychiatric facilities, and outpatient facilities, such as community mental health clinics, schools and private practices.

Health care professional job titles and specialties can vary by state. The descriptions below give an overview of what to look for and what credentials to expect from a mental health professional. Finding the right professional is easier when you understand the different areas of expertise and training.

Assessment and Therapy
Therapists can help someone better understand and cope with thoughts, feelings and behaviors. They can also offer guidance and help improve a person’s ability to achieve life goals. These mental health professionals may also help assess and diagnosis mental health conditions.

Psychologists
Psychologists hold a doctoral degree in clinical psychology or another specialty such as counseling or education. They are trained to evaluate a person’s mental health using clinical interviews, psychological evaluations and testing. They can make diagnoses and provide individual and group therapy. Some may have training in specific forms of therapy like cognitive behavioral therapy (CBT), dialectical behavior therapy (DBT) and other behavioral therapy interventions.

Degree requirements: Doctor of Philosophy (Ph.D.) in a field of psychology or Doctor of Psychology (Psy.D.).

Licensure & credentials: Psychologists are licensed by licensure boards in each state.

Counselors, Clinicians, Therapists
These masters-level health care professionals are trained to evaluate a person’s mental health and use therapeutic techniques based on specific training programs. They operate under a variety of job titles—including counselor, clinician, therapist or something else—based on the treatment setting. Working with one of these mental health professionals can lead not only to symptom reduction but to better ways of thinking, feeling and living.

Degree requirements: master’s degree (M.S. or M.A.) in a mental health-related field such as psychology, counseling psychology, marriage or family therapy, among others.
Licensure & Certification: Varies by specialty and state. Examples of licensure include:

- LPC, Licensed Professional Counselor
- LMFT, Licensed Marriage and Family Therapist
- LCADAC, Licensed Clinical Alcohol & Drug Abuse Counselor

Clinical Social Workers
Clinical social workers are trained to evaluate a person’s mental health and use therapeutic techniques based on specific training programs. They are also trained in case management and advocacy services.

Degree requirements: master’s degree in social work (MSW).

Licensure & credentials: Examples of licensure include:

- LICSW, Licensed Independent Social Workers
- LCSW, Licensed Clinical Social Worker
- ACSW, Academy of Certified Social Worker

Prescribe and Monitor Medication
The following health care professionals can prescribe medication. They may also offer assessments, diagnoses and therapy.

Psychiatrists
Psychiatrists are licensed medical doctors who have completed psychiatric training. They can diagnose mental health conditions, prescribe and monitor medications and provide therapy. Some have completed additional training in child and adolescent mental health, substance use disorders or geriatric psychiatry.

Degree requirements: Doctor of Medicine (MD) or Doctor of Osteopathic Medicine (DO), plus completion of residency training in psychiatry.

Licensure & credentials: Licensed physician in the state where they are practicing; may also be “Board Certified” by the Board of Neurology and Psychiatry.

Psychiatric or Mental Health Nurse Practitioners
Psychiatric or mental health nurse practitioners can provide assessment, diagnosis and therapy for mental health conditions or substance use disorders. In some states, they are also qualified to prescribe and monitor medications. Requirements also vary by state as to the degree of supervision necessary by a licensed psychiatrist.
**Degree requirements:** Master of Science (MS) or Doctor of Philosophy (Ph.D.) in nursing with specialized focus on psychiatry.

**Licensure & credentials:** Licensed nurse in the state where they are practicing. Examples of credentials include, but are not limited to:

- NCLEX, National Council Licensure Examination
- PMHNP-BC, Board Certification in psychiatric nursing through the [American Academy of Nurses Credentialing Center](http://www.aanc.org)

**Primary Care Physicians**

Primary care physicians and pediatricians can prescribe medication, but you might consider visiting someone who specializes in mental health care. Primary care and mental health professionals should work together to determine an individual’s best treatment plan.

**Degree requirements:** Doctor of Medicine (M.D.) or Doctor of Osteopathic Medicine (DO).

**Licensure & credentials:** Licensed physician in the state where they are practicing.

**Family Nurse Practitioners**

Family nurse practitioners (FNP) can provide general medical services like those of a primary care physician, based on each state’s laws. Like primary care physicians, they can prescribe medication, but you might consider visiting someone who specializes in mental health care. Family nurse practitioners and mental health professionals should work together to determine an individual’s best treatment plan.

**Degree requirements:** Master of Science (M.S.) or Doctor of Philosophy (Ph.D.) in nursing.

**Licensure & credentials:** Licensed nurse in the state where they are practicing. Examples of credentials include:

- NCLEX, National Council Licensure Examination
- FNP-BC, Family Nurse Practitioner Board Certified
Other Professionals You May Encounter

Certified Peer Specialists
These specialists have lived experience with a mental health condition or substance use disorder. They are often trained, certified and prepared to assist with recovery by helping a person set goals and develop strengths. They provide support, mentoring and guidance.

Social Workers
Social workers (B.A. or B.S.) provide case management, inpatient discharge planning services, placement services and other services to support healthy living.

Pastoral Counselors
Pastoral counselors are clergy members with training in clinical pastoral education. They are trained to diagnose and provide counseling. Pastoral counselors are members of the Association of Pastoral Counselors (AAPC) and can have equivalents to a doctorate in counseling.
